Look at what we learned this week!

April 3rd, 2014
Ms. Wiepen

The week has been interesting to say the least. As you know our theme this week was Spring, however mother nature had other plans! Monday started off with a snow day so our week was super short and super busy, but we worked diligently and learned a lot.

We learned the letters Jj this week. To help us identify this letter we made jeweled J's, traced J's and even got to use highlighters to find J's.

With spring as our theme we decided it was time to take down our snowmen decorations and liven up the room with some color. We

updated our classroom bulletin board and made a spring scene. This turned out really neat. We each used our fine motor skills to trace our hands and cut them out. Ms. Wiepen then arranged them to look like a sun on the bulletin board. We also had fun getting our hands painted to make flowers, butterflies and birds to decorate the bulletin board with. You may catch us just staring at our masterpiece throughout the day. We are obsessed with it!!!

One of our favor-

ite lessons to date, has to be learning about plants. Throughout the week we learned the different parts of plants and what they need in order to grow strong and healthy. On Wednesday Ms. Wiepen even let us decorate our own pots and plant grass seed in them. We can not wait to water them every day and make sure they always have enough sun light. The observation process will be a great learning experience for us to see first hand how a plant starts as a seed and continues to grow and change with time.

Special Notes

- ***April 9th—PM class sings at Pioneer Manor @ 1pm***
- ***May 1st - pre-school roundup from 9-11am***
- ***May 1st - kindergarten move up day***
- ***May 21st- pre-school last day of school***
- ***May 21st- pre-school ice cream social***

Next weeks theme
