## Look at what we learned this week!

This week we discussed summer and activities that we would do with our families. On Monday we created a summer mural using black construction paper and brightly colored chalk. It was very neat to see how the bright colors popped off of the black paper! If you were able to make it to the academic fair on Tuesday you may have seen these on display! Ms.

Wiepen also introduced us to painting with clothespins and pom poms. This was a lot of fun and helped us strengthen our fine motor skills. On Thursday we were able to enjoy the musical "Tweet!!!"
