

Preschool News

Look at what we are up to...

The preschool classes were busy learning about bears all week. We learned that bears hibernate, while reading several different books and watching some videos. Our class also went on a bear hunt...don't worry it was just for pretend! You can find some adorable bears we made out of paper plates hanging up in our classroom. The afternoon class enjoyed getting creative by drawing their very own teddy bears and then naming and describing them. You can find these hanging in the hallway. Both of the classes explored how arctic animals stay warm by participating in the 'blubber experiment.' Ask your child about this. It was a blast! Mrs. Rice made cookie dough for the afternoon class so we were able to put on our aprons and roll out the dough to create our own cookie bears. We baked them, added decorations and frosted them. Of course we ate them as well! Yum! The morning class explored their colors further by sorting out gummy bears. The afternoon class used gummy bears to graph. These are excellent math skills to continue working on at home with your child.

New Faces!

Some of you may have noticed or heard your child talking about some new students. The morning class welcomed another new student this week. His name is Naseem. Be sure to say hi to him if you see him around. We are happy to have him!

Veterans Day

We celebrated Veterans day in honor of America's veterans for their dedication, patriotism and willingness to serve and sacrifice for the common good. The preschool class would like to thank all of our past and current veterans, especially our very own Mrs. Rice, for her service in the Navy.
