

Preschool News

Look at what we are up to...

This week in preschool we learned about Winter and the letter I. We discussed the type of clothing that is appropriate for winter weather. On Tuesday, we used our fine motor skills to cut yarn and decorate winter hats. The morning class continued working on these skills by creating Snowmen made out of their names. Each ball of the snowman had a different letter of their name on it. We had to arrange the snowballs so that their name was spelt correctly. Then we cut and glued on decorations. The students also traced the letters of their name. This helps get us ready to write our names on our own eventually. We ended the week by making edible snowmen out of banana slices, pretzel sticks, grapes and chocolate chips. These were delicious!

The afternoon class completed their letter I books, decorated winter hats and discussed different types of winter clothing and activities. We used our whiteboards to practice writing our letters, names, and numbers, all week. The week was capped off by making our very own homemade ice cream. We got to use a recipe, measure and pour by ourselves and then shake, shake, shake!! It took a lot of shaking but in the end our liquid turned into scrumptious ice cream. We topped it off with some caramel and chocolate!

Food Drive

The school is participating in a food drive competition. Your child is encouraged to bring canned or boxed goods to donate to those in need for the holiday season. This is a great opportunity to discuss giving to others with your child. Please bring the items to our classroom! Thanks.

Library

Books should be returned by December 18th. We will not be checking out books the last week before break. Library will resume after break!

December 4th, 2014
