

Preschool News

Look at what we are up to...

This week we learned about the farm. We completed emergent reader books about the farm as well as read numerous farm related books. Both preschool classes embarked on a messy adventure this week while making paper mache pigs. After two days of swimming in glue I'm sure mom and dad are happy to hear that the sticky part of this project is over! We will begin painting our pigs and completing them as soon as they are dry.

We also visited the second grade classroom to see their chicken eggs that hatched this week. It was perfect timing! We saw some in the incubator that were just starting to hatch as well as some chicks already hatched. Next week we get to go back and hold them. We can not wait!
