Superintendent's News

Safety is one of our district's top priorities and to help safeguard our school community, we've taken an important step that I want to share with you. Our district is now using SafeSchools Alert, a tip reporting service that allows students, staff and parents to submit safety concerns to our administration. The link for SafeSchools can be found on the left hand side of our district website. I am including in the newsletter a letter briefly describing SafeSchools Alert. If you have any questions please do not hesitate to contact the school office or myself.

Have you heard about Hawk Talk? Each month several students will be talking about school, activities, future plans, you name it at the Senior Citizens Building. We had our first Hawk Talk last month and it was a great success! Everyone is invited so watch the school calendar for the next Hawk Talk Event!

100th Day of SCHOOL!!!! This month the students at Hay Springs will be celebrating the 100th day of school. The Elementary Teachers will be serving 100th day pancakes and planning lessons and activities for the day. Spend time this month talking with your child about finishing the school year with the same excitement and enthusiasm that he/she started the year out with.

Legislative Update: All of the bills this session have been introduced. The last official day will be in June. During the sessions stay up to date on all the news by visiting the Nebraska Association of School Boards website at www.nasbonline.org (then click under Government Relations Tab) or visit information provided by the Nebraska Council of School Administration at legislative.ncsa.org

The Nation's Report Card and You

By Mrs. Marx

Hay Springs 8th grade students have been chosen to participate in the National Assessment of Educational Progress, also known as NAEP, on March 7th. You may be thinking that NAEP is just another test, but it's not. NAEP is different from our state assessments because it represents students across the country.

Ever heard of The Nation's Report Card? That's NAEP. The assessment results are released as The Nation's Report Card, and they help the President, Congress, and all of our educators make decisions about how to improve our education system. NAEP is what the general public will hear about on the news when reporters discuss what students are learning.

The actual assessment takes about 120 minutes. During that time, students will take an assessment in mathematics or reading. All students will be asked questions about their educational experiences that may be related to performance, such as homework and reading habits. Student scores are anonymous and will not affect student grades or academic records in any way. Instead, they will be combined with the scores of other students to produce results that reflect student capabilities nationwide.

Students who are selected to participate in NAEP have an important job to do. NAEP will provide a national snapshot of what students have learned in school, and it is essential that students take it seriously, try their best, and answer all the questions they can.

If you would like to see questions or results from past NAEP assessments and learn more about NAEP and why it is important for students, check out NAEP on Twitter and Facebook, or visit <http://nces.ed.gov/nationsreportcard/students>.

College Planning Bulletin

A monthly college planning guide for Nebraska high school students

All about scholarships!

Most scholarships are based on academics, but others are based on community service, school involvement, or talent in art, dance, music, or athletics. Some are based on financial need as determined by the [FAFSA](#) (Free Application for Federal Student Aid).

It's time to start applying for scholarships. Here's where you can find them:

[ScholarshipQuest](#) at [EducationQuest.org](#) features over 2,000 Nebraska-based scholarships. After you create a profile, you'll be matched with scholarships that fit your criteria.

- **The college you plan to attend.** Contact the school for a list of scholarships they provide and application procedures.

National search sites such as [College Board](#), [Peterson's](#) and [Chegg](#).

Other resources could include your coach, clubs and organizations, and your parents' employers and civic organizations.

Here's a scholarship you can apply for now!

Apply by **March 31** for EducationQuest's *Scavenger Hunt Scholarship*. You might win \$500 toward your college education. Here's how it works:

If you haven't already, complete a profile in [ScholarshipQuest](#) at [EducationQuest.org](#).

If you're a Nebraska resident in grades 9-12, you'll see the *EducationQuest Scavenger Hunt Scholarship* as one of the scholarships that will appear on your results page.

"Scavenge" around the EducationQuest website to find answers to questions in a survey.

EducationQuest will draw a winner from those who answer all questions correctly. The winner will receive \$500 to invest in a NEST 529 College Savings Plan.

Project House

By Mr. Badje

Finally taking shape. After starting from a bare bones remodeling job, The project house is finally starting to look like a home. Window and door trim, lighting, interior doors, as well as cabinet installation are giving the students some pride in ownership as they reach some of the latter steps in the remodel. Last years classes set the foundation with some framing, new wiring, insulation, windows, and sheetrock hanging and mudding just to name a few of the jobs accomplished.

ACT Prep

The ACT® test assesses high school students' general educational development and their ability to complete college-level work. But what does this mean for our students? For those students who score high enough it can mean they will not have to pay for college tuition. In order to help our students do their best on the ACT we have decided to contract with John Baylor Test Prep again this year. Participating students will view all twelve, 45-minute sessions of the JBTP ACT Prep course. We will be offering these sessions prior to the April state ACT test date. Please see Mrs. Marx to sign up. In addition we have upgraded our contract and will be providing juniors and seniors with at-home access. JBTP recommends that students participate in both the at-school (Friday) sessions and the at-home components. Students have received their log-in information. Parents if you would like to know if your student is actually utilizing the course you may contact Mrs. Marx.

John Baylor has some parent videos, including *How to Get Into the Best College at the Lowest Cost*, that may be of interest. These can be viewed at <https://www.johnbaylortestprep.com/jbtp-public-vignettes>

We are excited to do even more to maximize your child's chance to get into the best college at the lowest cost. Thanks for helping us ensure students prioritize this test.
