

Preschool News

Look at what we learned this week!

Happy Valentines Day! This week was filled with love, hearts, and the letter V. We completed a fun Valentines Day project where we got to use watercolor paint brushes. Ms. Wiepen blocked out the word LOVE with tape and we painted over the top of it. Then we tore the tape off and were amazed that the word

LOVE was left white. We also did an art project that allowed us to tear up paper instead of cutting it! Throughout the week Ms. Wiepen introduced us to some new Valentines themed games that helped us learn colors and color words. We played Valentines day memory and also a game

where we got to match up 'broken alphabet hearts.'

On Monday we had our preschool fun night. Ms.

Wiepen and Mrs. Varvel thought that we did awesome! We really enjoyed the night out with our friends as well. We couldn't stop talking about it all week! Thursday was our Valentines Day party. We were excited to use the bags that we decorated at our fun night!

WOW! I can't believe that we have been in school 100 days already. Where does the time go? I have seen the students grow so much since the beginning of school and they have worked extremely hard. We deserve a day to celebrate all of our progress! Thursday, February 20th, is our hundredth day of school. This day will be full of activities and projects that involve the number 100. In preschool we are more focused on learning numbers 1-10 so I would like each child to bring 10 of any kind of snack of their choice. We will combine the snacks and count to 100 as a class. Examples of snack could be; 10 m&ms, 10 chocolate chips or even 10 cookies. Please do not include items with peanuts. Thank you!

Special Notes

** Thank you to everyone who attended the Preschool Fun Night on Monday. It was phenomenal to see such a large turnout and to witness the students interacting with their families and peers. I would like to give a huge thank you to Mrs. Varvel as well for all of her hard work in helping put this event together!*
