ROLE OF AND GUIDING PRINCIPLES FOR EMPLOYEES

This series of the board policy manual is devoted to the board's goals and objectives for employees in the performance of their jobs. Employees provide a variety of important services for the children of the school district community. They may be teaching or assisting in the classroom, working in the office, maintaining the facilities, driving or repairing the school buses, or cooking lunches. Each employee plays a vital role in providing an equal opportunity for a quality education for students commensurate with the students' individual needs. While the teachers have the most direct impact on the formal instruction of students, all employees have an impact on the school environment by their dedication to their work and their actions. As role models for the students, employees shall promote a cooperative, enthusiastic, and supportive learning environment for the students.

In striving to achieve a quality education program, the board's goal is to obtain and retain qualified and effective employees. The board shall have complete discretion to determine the number, the qualifications, and the duties of the positions and the school district's standards of acceptable performance. It shall be the responsibility of the superintendent to make recommendations to the board in these areas prior to board action. The board recognizes its duty to bargain collectively with duly certified collective bargaining units.

Board policies in this series relating to general employees shall apply to employees regardless of their position as a certificated employee, support staff, substitute or administrator. Board policies relating to certificated employees shall apply to positions that require a teaching license or administrator's certificate or other professional license, certificate or endorsement, unless administrative positions are specifically excluded from the policy. Support staff policies included in this series shall apply to positions that do not fall within the definition of certificated employee.

EQUAL OPPORTUNITY EMPLOYMENT

The **County of Sheridan District #3 aka Hay Springs** School District shall provide equal opportunity to employees and applicants for employment in accordance with applicable equal employment opportunity and non-discrimination laws, directives and regulations of federal, state and local governing bodies. Opportunity to all employees and applicants for employment includes hiring, placement, promotion, transfer or demotion, recruitment, advertising or solicitation for employment, treatment during employment, rates of pay or other forms of compensation, and layoff or termination. Employees will support and comply with the district's established equal employment opportunity and non-discrimination policies. Employees shall be given notice of this policy annually. The board shall appoint an employee to serve as non-discrimination Compliance Coordinator.

Individuals who file an application with the school district will be given consideration for employment if they meet or exceed the qualifications set by the board, administration, and Nebraska Department of Education for the position for which they apply. In employing individuals, the district will not discriminate in any aspect of employment with regard to race (including skin color, hair texture, and protective hairstyles), color, religion, national or ethnic origin, sex, disability, age, marital status, genetic background, veteran status, pregnancy, childbirth or related medical condition, or sexual orientation or gender identity.

Advertisements and notices for vacancies within the district shall contain the following statement: "The **County of Sheridan District #3 aka Hay Springs** School District is an equal opportunity employer (EOE)." The statement shall also appear on application forms.

Inquiries by employees or applicants for employment regarding compliance with equal employment opportunity and non-discrimination laws and policies, including but not limited to complaints of discrimination, shall be directed to the Compliance Coordinator:

Name and/or Title: **Hay Springs School Superintendent**
Address: **407 North Baker St. Hay Springs, Nebraska 69347**
Telephone No.: **308-638-4434**

Inquiries by employees or applicants for employment regarding compliance with equal employment opportunity and non-discrimination laws and policies, including but not limited to complaints of discrimination, may also be directed in writing to the Director of the Kansas Office of Civil Rights, U.S. Department of Education, One Petticoat Lane, 1010 Walnut Street, Suite 320, Kansas City, MO 64106, (816) 268-0550, the Nebraska Equal Opportunity Commission, State Office Building, 301 Centennial Mall South, 5th floor, P.O. Box 94394, Lincoln, NE 68509-4934, (402) 471-2024 or (800) 642-6112 or by email to OCR.KansasCity@ed.gov.

This inquiry or complaint to the federal office may be done instead of, or in addition to, an inquiry or complaint at the local level.

Every report of alleged violations of this policy that can be interpreted at the outset to fall within the protections of laws against discrimination shall be handled as a joint, concurrent investigation into all allegations and coordinated with the full participation of the Compliance Officer and Title IX Coordinator. If, in the course of an ongoing investigation of this policy, potential issues of sexual harassment or discrimination are identified, the Title IX Coordinator shall be promptly notified, and the investigation shall be conducted jointly and concurrently to address the issues of alleged sexual harassment or discrimination as well as the incidents of alleged violations of this policy.

Further information and procedures for filing a complaint are available at the website of the Nebraska Equal Opportunity Commission, <http://www.neoc.ne.gov/comp/comp.htm>.

EMPLOYEE CONFLICT OF INTEREST

Employees' use of their position with the school district for financial gain shall be considered a conflict of interest with their position as employees and may subject employees to disciplinary action.

Employees have access to information and a captive audience that could award the employee personal or financial gain. No employee may solicit other employees or students for personal or financial gain to the employee or employee's spouse without the approval of the superintendent. If the approval of the superintendent is given, the employee must conduct the solicitations within the conditions set by the superintendent. Further, the superintendent may require the employee to immediately cease such solicitations as a condition of continued employment.

Employees shall not act as an agent or dealer for the sale of textbooks or other school supplies. Employees shall not participate for personal financial remuneration in outside activities wherein their position on the staff is used to sell goods or services to students or to parents. Employees shall not engage in outside work or activities where the source of information concerning the customer, client or employer originates from information obtained because of the employee's position in the school district.

It shall also be a conflict of interest for an employee to engage in any outside employment or activity which is in conflict with the employee's official duties and responsibilities. In determining whether outside employment or activity of an employee creates a conflict of interest, situations in which an unacceptable conflict of interest shall be deemed to exist shall include, but not be limited to, any of the following:

1. The outside employment or activity involves the use of the school district's time, facilities, equipment and supplies or the use of the school district's badge, uniform, business card or other evidences of office to give the employee or the employee's immediate family an advantage or monetary benefit that is not available to other similarly situated members or classes of members of the general public. For purposes of this section, a person is not "similarly situated" merely by being related to an employee who is employed by the school district.
2. The outside employment or activity involves the receipt of, promise of, or acceptance of more or other consideration by the employee or a member of the employee's immediate family from anyone other than the school district for the performance of any act that the employee would be required or expected to perform as part of the employee's regular duties or during the hours during which the employee performs service or work for the school district.

Approved 6/12/2023 Reviewed G.C. May 2023 Revised _____

3. The outside employment or activity is subject to the official control, inspection, review, audit or enforcement authority of the employee during the performance of the employee's duties.

If the outside employment or activity is employment or activity in (1) or (2) above, the employee must cease the employment or activity. If the activity or employment falls under (3), then the employee must:

- Cease the outside employment or activity; or
- Publicly disclose the existence of the conflict and refrain from taking any official action or performing any official duty that would detrimentally affect or create a benefit for the outside employment or activity. Official action or official duty includes, but is not limited to, participating in any vote, taking affirmative action to influence any vote, or providing any other official service or thing that is not available generally to members of the public in order to further the interests of the outside employment or activity.

It shall be the responsibility of each employee to be aware of and take the necessary action to eliminate a potential conflict of interest should it arise.

EMPLOYEE GRIEVANCES

Complaints of employees against fellow employees should be discussed directly between employees. If necessary, complaints shall be brought directly to the immediate supervisor, principal or superintendent and shall be made in a constructive and professional manner. Complaints shall never be made in the presence of other employees, students or outside persons.

Nothing in this policy shall contradict the requirements stated in the Negotiated Contract between employees in that certified collective bargaining unit and the board.

EMPLOYEE RECORDS

The school district shall maintain personnel records on employees. The records are important for the daily administration of the educational program, for implementing board policy, for budget and financial planning, and for meeting state and federal requirements.

The records shall include, but not be limited to, records necessary for the daily administration of the school district, salary records, evaluations, application for employment, references, and other items needed to carry out board policy. Employee personnel files are school district records and are considered confidential records and therefore are not generally open to public inspection or accessibility. Only in certain limited instances, when the employee has given a signed consent, will employee personnel records be accessible to individuals other than the employee or authorized school officials.

The district will not use or require the use of more than the last four digits of an employee's social security number for:

1. Public posting or display to the general public or an employee's coworkers.
2. Transmission over the internet except on a secure or encrypted connection.
3. Accessing an Internet web site unless a password, personal identification number or other unique authentication is required.
4. Use as an employee number for any type of employment-related activity.

The district may use more than the last four digits of an employee's social security number only for:

1. Compliance with state or federal laws, rules or regulations.
2. Voluntary commercial transactions entered into by the employee with the district for the purchase of goods or services.
3. Internal administrative purposes including providing the number to third parties for such purposes as administration of personnel benefits and employment screening and staffing. However, the following internal administrative purposes do not permit use of employee social security numbers:
 - A. As an identification number for occupational licensing.
 - B. As an identification number for drug-testing purposes except when required by state or federal law.
 - C. As an identification number for district meetings.
 - D. In files accessible by any temporary employee unless the temporary employee is bonded or insured under a blanket corporate surety bond or equivalent commercial insurance.
 - E. For posting any type of district information.

Employees may have access to their personnel files, with the exception of letters of reference, and copy items from their personnel files at a time mutually agreed upon

between the superintendent and the employee. The school district may charge a reasonable fee for each copy made. However, employees will not be allowed access to the employment references written on behalf of the employee. Board members will generally only have access to an employee's file when it is necessary and legally allowed because of an employee related matter before the board.

It shall be the responsibility of the superintendent to keep employees' personnel files current. The copy of the employee's records kept at the superintendent's office is the official copy of their records.

It shall be the responsibility of the superintendent to develop administrative regulations for the implementation of this policy.

TRANSPORTING OF STUDENTS BY EMPLOYEES

Generally, transportation of students shall be in a motor vehicle owned by the school district and driven by an employee. In some cases, it may be more economical or efficient for the school district to allow an employee of the school district to transport the students in the employee's motor vehicle.

Employees who transport students for school purposes must have the permission of the superintendent.

This policy statement applies to transportation of students for school purposes in addition to the regular bus route transporting students to and from their designated attendance center.

EMPLOYEE TRAVEL COMPENSATION

Employees traveling on behalf of the school district and performing approved school district business will be reimbursed for their actual and necessary expenses. Actual and necessary travel expenses shall include, but not be limited to, transportation and/or mileage costs, lodging expenses, meal expenses and registration costs.

It is the policy of the board to pay the actual and necessary expenses incurred by employees at educational workshops, conferences, training programs, official functions, hearings, or meetings, whether incurred within or outside the boundaries of the local government, to include:

1. Registration costs, tuition costs, fees, or charges;
2. Mileage at the current district reimbursement rate or actual travel expense if travel is authorized by commercial or charter means; and
3. Meals and lodging as approved in advance by the superintendent.

Prior to reimbursement of actual and necessary expenses, the employee must submit a detailed receipt indicating the date, purpose and nature of the expense for each claim item. A credit card receipt is generally not considered a detailed receipt. Failure to provide a detailed receipt shall make the expense non-reimbursable.

RECOGNITION FOR SERVICE OF EMPLOYEES AND OTHERS

The board recognizes and appreciates service given to the district. Employees, board members, volunteers or others associated with the operations of the district may be honored by the board, administration and staff in an appropriate manner by the awarding of plaques, certificates of achievement, or items of value.

If the form of recognition thought appropriate by the administration and employees involves unusual expense to the school district, the superintendent shall seek prior approval from the board. Any expenditure for recognition of service shall be limited to \$100 per individual per occasion.

The district may authorize, upon a majority vote of the entire board, one recognition dinner each year for elected and appointed officials, employees, or volunteers of the district. In the event that a recognition dinner is authorized by board action, whether for elected and appointed officials, employees, or volunteers jointly or separately, the maximum cost which may be authorized by the board for such dinners shall not exceed \$50 per elected or appointed official, employee, or volunteer in attendance.

STAFF CONDUCT WITH STUDENTS

The Board expects all staff members, including teachers, coaches, counselors, administrators, and others to maintain the highest professional, moral, and ethical standards in their conduct with students. For the purposes of this policy, staff members also include school volunteers. The term “students” excludes a staff member’s immediate family members.

The interactions and relationships between staff members and students should be based upon mutual respect and trust; an understanding of the appropriate boundaries between adults and students in and outside of the educational setting; and consistency with the educational mission of the schools.

Staff members are expected to be sensitive to the appearance of impropriety in their conduct with students. Staff members are encouraged to discuss issues with their building administrator or supervisor whenever they are unsure whether particular conduct may constitute a violation of this policy.

Unacceptable Conduct

Examples of unacceptable conduct by staff members include but are not limited to the following:

- Any type of sexual or inappropriate physical contact with students or any other conduct that might be considered harassment under the Board's policy on Harassment By Employees;
- Singling out a particular student or students for personal attention and friendship beyond the normal teacher-student relationship;
- Associating with students in any situation or activity that includes the presence of alcohol, drugs, or tobacco or that could be considered sexually suggestive;
- For non-guidance/counseling staff, encouraging students to confide their personal or family problems and/or relationships. If a student initiates such discussions, staff members are expected to be supportive but to refer the student to appropriate guidance/counseling staff. In either case, staff involvement should be limited to a direct connection to the student's school performance;
- Sending students on personal errands;
- Sexual banter, allusions, jokes, or innuendos with students;
- Asking a student to keep a secret;

- Being alone with individual students by closing a room door except when dealing with issues of health by appropriate personnel, or being alone with individual students outside of normal school hours;

Students and/or their parents/guardians are strongly encouraged to notify the principal if they believe a teacher or other staff member may be engaging in conduct that violates this policy.

Staff members are required to notify promptly the principal or superintendent if they become aware of a situation that may constitute a violation of this policy.

Staff violations of this policy may result in disciplinary action up to and including dismissal. Violations involving sexual or other abuse will also result in referral to the Department of Health and Human Services and/or law enforcement in accordance with the Board's policy on Child Abuse Reporting.

Every report of alleged violations of this policy that can be interpreted at the outset to fall within the protections of laws against discrimination shall be handled as a joint, concurrent investigation into all allegations and coordinated with the full participation of the Compliance Officer and Title IX Coordinator. If, in the course of an ongoing investigation of this policy, potential issues of discrimination are identified, the Title IX Coordinator shall be promptly notified, and the investigation shall be conducted jointly and concurrently to address the issues of alleged discrimination as well as the incidents of alleged violations of this policy.

This policy shall be included in future employee, student and volunteer handbooks.

This prohibition does not include the routine transmission of administrative and personnel files.

This prohibition does not apply under certain conditions specified by the Every Student Succeeds Act (ESSA) such as:

ABUSE OF STUDENTS BY SCHOOL DISTRICT EMPLOYEES REGULATION

Physical or sexual abuse of students, including inappropriate and intentional sexual behavior, by employees will not be tolerated. Employees found in violation of this policy will be subject to disciplinary action up to and including discharge.

Definition of Physical Abuse

Physical abuse is non-accidental physical injury to the student as a result of the action of an employee. Injury occurs when evidence of it is still apparent at least twenty-four hours after its occurrence. The following do not constitute physical abuse, and no employee is prohibited from:

1. Using reasonable and necessary force, not designed or intended to cause pain:
 - a) To quell a disturbance or prevent an act that threatens physical harm to any person.
 - b) To obtain possession of a weapon or other dangerous object within a pupil's control.
 - c) For the purposes of self-defense or defense of others as provided for in Neb. Statute 28-1409 and 1410.
 - d) For the protection of property as provided for in Neb. Statute 28-1411.
 - e) To remove a disruptive pupil from class, or any area of school premises or from school-sponsored activities off school premises.
 - f) To prevent a student from the self-infliction of harm.
 - g) To protect the safety of others.
2. Using incidental, minor, or reasonable physical contact to maintain order and control.

In determining the reasonableness of the contact or force used, the following factors shall be considered:

 - a) The nature of the misconduct of the student, if any, precipitating the physical contact by the school employee.
 - b) The size and physical condition of the student.
 - c) The means or device used in making the physical contact.
 - d) The motivation of the school employee in initiating the physical contact.
 - e) The extent of injury to the student resulting from the physical contact.

"Reasonable force" is that force and no more which a reasonable person, in like circumstances, would judge to be necessary to prevent an injury or loss and can include deadly force if it is reasonable to believe that such force is necessary to avoid injury or risk to one's life or safety or the life or safety of another, or it is reasonable to believe that such force is necessary to resist a like force or threat.

Definition of Sexual Abuse

Sexual abuse is defined as including sexual acts involving a student, acts that encourage the student to engage in prostitution, inappropriate, intentional sexual behavior or physical manifestations of sexual harassment by the employee toward a student. "Sexual harassment" is defined as unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct of a sexual nature when:

1. Submission to the conduct is made either implicitly or explicitly a term or condition of the student's education or benefits;
2. Submission to or rejection of the conduct is used as the basis for academic decisions affecting that student; or
3. The conduct has the purpose or effect of substantially interfering with a student's academic performance by creating an intimidating, hostile or offensive education environment.

Complaint Procedure

An individual who believes he/she has been abused shall notify School Principal, the designated investigator. The alternate investigator is School Superintendent. The investigator may request that the individual complete the Abuse Complaint form. Information received during the investigation shall be kept confidential to the extent possible.

The investigator, with the approval of the superintendent, or the superintendent has the authority to initiate a harassment investigation in the absence of a written complaint. The investigator shall have access to the educational records of the student and access to the student for purposes of interviewing the student about the report.

When abuse is reported, the investigator shall make copies of the report and give a copy to the person filing the report, the students' parents and the immediate supervisor of the employee named in the report. The employee named in the report shall not receive a copy of the report until the employee is initially interviewed.

The investigator shall use discretion in handling the information received regarding an investigation of abuse by an employee, and those persons involved in the investigation shall not discuss information regarding the complaint outside the investigation. The entire investigative procedure will be thoroughly explained, including the confidential nature of the proceedings, to the student and other persons involved in the investigation.

The investigator shall notify the parent, guardian or legal custodian of a student of the date and time of the interview and of the right to be present or to see and hear the interview or send a representative in the parent's place. The investigator shall interview the student as soon as possible, but in no case later than five days from the receipt of a report or notice of the allegation of sexual abuse. The investigator may record the interview electronically.

It is the responsibility of the investigator to determine whether it is more likely than not that an incident took place between the employee and the student. If the investigator believes the

employee committed a sex act with a student or sexually exploited a student, the investigator shall defer the investigation and immediately notify law enforcement officials, the superintendent, the student's parents and the person filing the report.

The designated investigator shall not interview the school employee named in a report of abuse until after a determination is made that jurisdiction exists, the alleged victim has been interviewed and a determination made that the investigation will not be deferred.

If the investigator determines an incident occurred, while not an illegal sex act with a student or sexual exploitation of a student, but where the employee engaged in inappropriate, intentional sexual behavior, further investigation is warranted. If further investigation is warranted, the investigator may proceed to interview the employee and other individuals who may have knowledge of the circumstances contained in the report. Prior to interviewing other individuals who may have knowledge of the circumstance contained in the report, the investigator shall provide notice of the impending interview of student witnesses or the student to their parent, guardian, or legal custodian prior to interviewing those students.

Within five days of receipt of an investigable report, the investigator shall complete an informal investigation. The informal investigation shall consist of interviews with the student, the employee and others who may have knowledge of the alleged incident. If the investigator determines that the allegations in the report are founded and that immediate and professional investigation is necessary, the investigator may defer further investigation and contact appropriate law enforcement officials, the student's parents and the person filing the report.

Within fifteen days of receipt of the report, the investigator shall complete a written investigative report, unless the investigation was temporarily deferred. The written investigative report shall include:

1. The name, age, address and attendance center of the student named in the report.
2. The name and address of the student's parent or guardian and the name and address of the person filing the report, if different from the student's parent or guardian.
3. The name and work address of the employee named in the report as allegedly responsible for the abuse of the student.
4. An identification of the nature, extent and cause, if known, of any injuries or abuse to the student named in the report.
5. A general review of the investigation.
6. Any actions taken for the protection and safety of the student.
7. A statement that, in the investigator's opinion, the allegations in the report are either:
 - Unfounded. (It is not likely that an incident, as defined in district rules, took place), or
 - Founded. (It is likely that an incident took place.)
8. The applicability of exceptions to the investigated incident, or reason for the contact or force used.
9. A statement that, in the investigator's opinion, any physical contact that occurred was:
 - Appropriate. (Actions not requiring any disciplinary process), or
 - Inappropriate. (Actions invoking a disciplinary process as defined in district rules).

10. The disposition or current status of the investigation and recommendations regarding the need for further investigation.
11. A listing of the options available to the parents or guardian of the student to pursue the allegations. These options include, but are not limited to:
 - Contacting law enforcement officials.
 - Contacting private counsel for the purpose of filing a civil suit or complaint.
 - Filing a complaint with the Nebraska Professional Practices Commission if the employee is a certificated employee.

The investigator shall retain the original and provide a copy of the written investigative report to the school employee named in the report, the employee's supervisor, the superintendent and the student's parent or guardian. The person filing the report, if not the student's parent or guardian, shall be notified only that the investigation has been concluded and of the disposition or anticipated disposition of the case.

If the investigator's report or law enforcement officials conclude the case involved founded physical or sexual abuse by a certificated employee, or the employee admits the violation, or the employee has surrendered the employee's certificate or license, the investigator shall file a complaint on behalf of the district after obtaining the superintendent's signature with the Nebraska Professional Practices Commission. The investigator shall also arrange for counseling services for the student if the student or student's parents request counseling services. Information of unfounded abuse shall not be put in the employee's personnel file.

GIFTS TO EMPLOYEES

Pupils and patrons are discouraged from giving personal gifts to school personnel. If gifts are offered, school personnel should minimize such an act and not give publicity or public recognition to such gifts. Any gift of more than \$100 approximate value shall be returned with the employee's explanation that such gifts are not allowed by board policy.

On occasion, companies and/or business will give gifts with orders from the school district. Any gift of this nature will become the property of the district if the value is over \$100. The gift will be reported to the school administration and a decision will be made on the dispensation.

PUBLIC COMPLAINTS ABOUT EMPLOYEES

The board recognizes situations may arise in the operation of the school district which are of concern to parents and other members of the school district community. While constructive criticism is welcomed, the board desires to support its employees and their actions to free them from unnecessary, spiteful, or negative criticism and complaints that do not offer advice for improvement or change.

While speakers may, during public meetings, offer objective criticism of school operations and programs, the board will not hear personal complaints concerning district personnel nor against any person connected with the school system unless that complaint is an agenda item having followed the process described below. To do so could expose the board to a charge of being party to slander and would prejudice any necessity to act as the final review of administrative recommendations regarding the matter. The board president will direct the patron to the appropriate means for board consideration and disposition of legitimate complaints involving individuals.

The board firmly believes concerns should be resolved at the lowest organizational level by those individuals closest to the concern. Whenever a complaint or concern is brought to the attention of the board it will be referred to the administration to be resolved. Prior to any board consideration however, the following should be completed:

1. Matters concerning an individual student, teacher, or other employee should first be addressed to the teacher or employee.
2. Unsettled matters from (1) above or problems and questions about individual attendance centers should be addressed to the employee's building principal for certificated employees and the superintendent for support staff. At this level, if requested by the administrator, the complainant shall put the complaint in writing.
3. Unsettled matters regarding certificated employees from (2) above or problems and questions concerning the school district should be directed to the superintendent.
4. If a matter cannot be settled satisfactorily by the superintendent, it may then be brought to the board in writing. The board will follow policy 1005.01 in handling public complaints.

EMPLOYEE OUTSIDE EMPLOYMENT

The board believes the primary responsibility of employees is to the duties of their position within the school district as outlined in their job description. The board considers an employee's duties as part of a regular, full-time position as full-time employment. The board expects such employees to give the responsibilities of their positions in the school district precedence over any other employment.

It shall be the responsibility of the superintendent to counsel employees, whether full-time or part-time, if, in the judgment of the superintendent and the employee's immediate supervisor, the employee's outside employment interferes with the performance of the employee's duties required in the employee's position within the school district.

The board may request the employee to cease the outside employment as a condition of continued employment with the school district.

EMPLOYEE USE OF SOCIAL NETWORKS

The Superintendent and Principal will annually remind staff members and orient new staff members concerning the importance of maintaining proper decorum in the on-line, digital world as well as in person. Employees must conduct themselves in ways that do not distract from or disrupt the educational process. The orientation and reminders will give special emphasis to:

1. Improper fraternization with students using Facebook and similar internet sites or social networks, or via cell phone, texting or telephone.
 - A. Teachers may not list current students as “friends” on networking sites.
 - B. All e-contacts with students should be through the district’s computer and telephone system, except emergency situations.
 - C. All contact and messages by coaches with team members shall be sent to all team members, except for messages concerning medical or academic privacy matters, in which case the messages will be copied to the athletic director and the principal.
 - D. Teachers will not give out their private cell phone or home phone numbers without prior approval of the district.
 - E. Inappropriate contact via e-mail or phone is prohibited.
2. Inappropriateness of posting items with sexual content
3. Inappropriateness of posting items exhibiting or advocating use of drugs and alcohol
4. Examples of inappropriate behavior from other districts, as behavior to avoid
5. Monitoring and penalties for improper use of district computers and technology
6. The possibility of penalties, including dismissal from employment, for failure to exercise good judgment in on-line conduct.

All online communication by District employees during the school day, using District resources, or on behalf of the District is subject to District policies. Employees shall maintain a standard of professional responsibility and conduct, realizing their online actions at work and at home represent the District.

The network systems administrator may periodically conduct internet searches to see if teachers have posted inappropriate materials on-line. When inappropriate use of computers and websites is discovered, the Principals and Superintendent will promptly bring that inappropriate use to the attention of the staff member and may consider and apply disciplinary action up to and including termination.

GUIDELINES FOR EMPLOYEE USE OF SOCIAL NETWORKS

1. Know and follow District policies and regulations relating to online communications.
2. District employees are personally responsible for the content they publish on blogs, wikis or any other form of user-generated media. Remember that what you publish will be public for a long time—protect your privacy.
3. Anonymity or false screen names should only be used in personal, non-work related online communications. Identify yourself, and when relevant, your District, when you discuss professional matters. Write in the first person. You must make it clear that you are speaking for yourself and not on behalf of the District.
4. If you publish content to a website and it has something to do with work you do or subjects associated with your District, use a disclaimer such as this: "The postings on this site are my own and don't necessarily represent my District's positions, policies or practices."
5. Respect copyright, fair use and financial disclosure laws. When you do use material from others, where possible link back to the source.
6. Never provide confidential or other proprietary information about your District, your students, or your co-workers. Ask permission prior to publishing or reporting on conversations that are meant to be, or might be assumed to be, private or internal to the District and your work.
7. Be particularly aware of student privacy laws including FERPA.
8. Don't cite or reference fellow staff members, administrators, parents, volunteers, suppliers, or others associated with the District without their approval.
9. Always maintain professional standards. Absolutely never use ethnic slurs, personal insults, obscenity, or engage in any conduct that would not be acceptable in the workplace. You should also show proper consideration for others' privacy and for topics that may be considered objectionable or inflammatory—such as politics and religion.
10. Find out who else is blogging or publishing on the topic, and cite them.
11. Be aware of your professional responsibilities with online social networks. When you identify yourself as an educator, ensure your profile and related content is consistent with how you wish to present yourself with colleagues and clients.
12. Don't pick fights, be the first to correct your own mistakes, and don't alter previous posts without indicating that you have done so.
13. Be thoughtful about everything published online. If you are angry or frustrated, it is best to avoid using online communications.
14. Be very judicious in disclosing any personal details, as they will be available online for a long time.
15. Try to add value. Provide worthwhile information and perspective. The District is best represented by its people and what you publish will reflect on your District and your community.

16. Maintaining the trust of others with whom you communicate is critical. If you have a vested interest in something you are discussing, be the first to point it out. Nothing gains you more notice in the online social media environment than honesty—or dishonesty.
17. Blogs, wikis, virtual worlds, social networks, or other tools hosted outside of the District's protected Intranet environment should not be used for internal communications among fellow employees. It is fine for fellow employees to disagree, but don't use your external blog or other online social media to air your differences in an inappropriate manner.
18. When speaking about other districts or teachers at other districts, be careful about identifying them if the remark may be interpreted as being critical of them. You must make sure that what you say is factual and that it does not disparage others.
19. Avoid arguments. Don't try to settle scores or goad others into inflammatory debates.
20. There are always consequences to what you publish. If you're about to publish something that makes you even the slightest bit uncomfortable, review the suggestions above and think about why that is. If you're still unsure, and it is related to your work or the District, feel free to discuss it with your administrator. Ultimately, however, you have sole responsibility for what you post to your blog or publish in any form of online social media.

EMPLOYEE FUNDRAISING

Any employee fundraising campaigns, including online fundraising such as crowdfunding campaigns, must have prior approval from the Superintendent before taking any actions when using the employee's position to raise funds. Any person or entity acting on behalf of the district and wishing to conduct a fundraising campaign for the benefit of the district must also begin the process by seeking prior approval from the Superintendent. All money raised through an approved fundraising campaign is subject to normal accounting procedures of the district and any additional procedures that may be required in the approval process. Any information or materials placed on fundraising websites are subject to the same district policies covering publication of materials on the district website.

Approval of requests shall depend on factors including, but not limited to:

- Compatibility with the district's educational program, mission, vision, core values, beliefs, and student achievement goals;
- The district's instructional priorities;
- The manner in which donations are collected and distributed by the fundraising process;
- Equity in funding; and
- Other factors deemed relevant or appropriate by the district.

If approved, the employee shall be responsible for preparing all materials and information related to the fundraising campaign and keeping district administration apprised of the status of the campaign. The employee shall not violate any district policy or guideline and must protect the confidentiality of all student information.

The employee is responsible for compliance with all state and federal laws and other relevant district policies and procedures. All items and money generated are subject to the same controls and regulations as other district property and shall be deposited or inventoried accordingly. No money raised or items purchased shall be distributed to individual employees.

EMPLOYEE PHYSICAL EXAMINATIONS

Good health is important to job performance. Employees shall present evidence of good health, in the form of a physical examination report, prior to their employment with the school district. Any such requirement will ensure that all entering employees in the same job category will complete a medical examination regardless of disability. All offers of employment may be made contingent on medical examination results.

Employees whose physical or mental health, in the judgment of the administration, may be in doubt shall submit to additional examinations, when requested to do so, at the expense of the school district.

The cost of the initial examination will be paid by the employee. Medical examinations will be conducted by a medical doctor or physician's assistant or nurse practitioner. The school district shall provide the standard examination form to be completed by the personal physician of the employee.

The successful applicant must be qualified and must be able to perform the essential functions of a position with or without reasonable accommodations. The district may withdraw an offer of employment should the medical examination reveal that the individual does not satisfy certain employment criteria under the following conditions:

1. The exclusionary criteria are job related and consistent with business necessity;
2. There is no reasonable accommodation that will enable the individual with a disability to perform the essential functions of the job;
3. The medical condition poses a direct threat to the health or safety of others in the workplace and cannot be eliminated or reduced to an acceptable level by a reasonable modification of policies, practices, procedures or by the provision of auxiliary aids or services;
4. The requested or necessary accommodation would impose an undue hardship on the district, unless funding is available through other sources. Individuals with a disability may be offered an opportunity of paying for a portion of the costs that constitutes an undue hardship or of personally providing the accommodation.

Employees identified as having reasonably anticipated contact with blood or infectious materials shall receive the Hepatitis B vaccine or sign a written waiver stating that they will not take the vaccine.

It shall be the responsibility of the superintendent to write an exposure control plan to eliminate or minimize district occupational exposure to bloodborne pathogens. The plan for designated employees shall include, but not be limited to, scope and application, definitions, exposure control, methods of compliance, Hepatitis B vaccination and post-exposure evaluation and follow-up, communication of hazards to employees, and record keeping.

Information the district receives regarding medical examinations and drug testing will be collected and maintained on separate forms and in separate files apart from personnel files. All such records will be kept confidential, maintained for a minimum of one year and released only in accordance with provisions of the Americans with Disabilities Act or other applicable laws.

The requirements stated in the Negotiated Contract between employees in that certified collective bargaining unit and the board regarding physical examinations of such employees shall be followed.

EMPLOYEE INJURY ON THE JOB

When an employee becomes seriously injured on the job, the building principal shall notify a member of the family, or an individual of close relationship, as soon as the building principal becomes aware of the injury.

If possible, an employee may administer emergency or minor first aid. An injured employee shall be turned over to the care of the employee's family or qualified medical employees as quickly as possible. The school district is not responsible for medical treatment of an injured employee.

It shall be the responsibility of the employee injured on the job to inform their supervisor within one business day of the occurrence. It shall be the responsibility of the employee's immediate supervisor to file an accident report within one business day after the employee reported the injury and notify the building principal.

It shall be the responsibility of the employee to file claims, such as workers' compensation, through the central administration office.

Injury Leave

If a district employee suffers physical injury within the scope of employment by another individual who intentionally, knowingly, or recklessly causes that injury, notification of the supervisor shall be made as described above. If, after investigation of the circumstances of the injury by the administration, and in consultation with the employee's physician, the employee may be granted up to seven calendar days of paid leave for such time as the employee is absent and unable to work as a result of the injury. This injury leave will not count against any other leave available to the employee. The administration's decision regarding injury leave is not subject to appeal.

COMMUNICABLE DISEASES - EMPLOYEES

Employees with a communicable disease will be allowed to perform their customary employment duties provided they are able to perform the essential functions of their position and their presence does not create a substantial risk of illness or transmission to students or other employees. The term "communicable disease" shall mean an infectious or contagious disease spread from person to person, or animal to person, or as defined by law.

Prevention and control of communicable diseases shall be included in the school district's bloodborne pathogens exposure control plan. The procedures shall include scope and application, definitions, exposure control, methods of compliance, universal precautions, vaccination, post-exposure evaluation, follow-up, communication of hazards to employees and record keeping. This plan shall be reviewed annually by the superintendent and school nurse.

The health risk to immunosuppressed employees shall be determined by their personal health care provider. The health risk to others in the school district environment from the presence of an employee with a communicable disease shall be determined on a case-by-case basis by the employee's personal health care provider or a physician chosen by the school district or public health officials.

An employee who is at work and who has a communicable disease which creates a substantial risk of harm to a student, coworkers, or others at the workplace shall report the condition to the Superintendent any time the employee is aware that the disease actively creates such risk.

Health data of an employee is confidential and it shall not be disclosed to third parties. Employee medical records shall be kept in a file separate from their personal file.

It shall be the responsibility of the superintendent, in conjunction with the school nurse, to develop administrative regulations stating the procedures for dealing with employees with a communicable disease.

HEPATITIS B VACCINE INFORMATION AND RECORD

The Disease

Hepatitis B is a viral infection caused by the Hepatitis B virus (HBV) which causes death in 1-2% of those infected. Most people with HBV recover completely, but approximately 5-10% become chronic carriers of the virus. Most of these people have no symptoms, but can continue to transmit the disease to others. Some may develop chronic active hepatitis and cirrhosis. HBV may be a causative factor in the development of liver cancer. Immunization against HBV can prevent acute hepatitis and its complications.

The Vaccine

The HBV vaccine is produced from yeast cells. It has been extensively tested for safety and effectiveness in large scale clinical trials.

Approximately 90 percent of healthy people who receive two doses of the vaccine and a third dose as a booster achieve high levels of surface antibody (anti-HBs) and protection against the virus. The HBV vaccine is recommended for workers with potential for contact with blood or body fluids. Full immunization requires three doses of the vaccine over a six-month period, although some persons may not develop immunity even after three doses.

There is no evidence that the vaccine has ever caused Hepatitis B. However, persons who have been infected with HBV prior to receiving the vaccine may go on to develop clinical hepatitis in spite of immunization.

Dosage and Administration

The vaccine is given in three intramuscular doses in the deltoid muscle. Two initial doses are given one month apart and the third dose is given six months after the first.

Possible Vaccine Side Effects

The incidence of side effects is very low. No serious side effects have been reported with the vaccine. Ten to 20 percent of persons experience tenderness and redness at the site of injection and low grade fever. Rash, nausea, joint pain, and mild fatigue have also been reported. The possibility exists that other side effects may be identified with more extensive use.

HEPATITIS B VACCINE INFORMATION AND RECORD

CONSENT OF HEPATITIS B VACCINATION

I have knowledge of Hepatitis B and the Hepatitis B vaccination. I have had an opportunity to ask questions of a qualified nurse or health care provider and understand the benefits and risks of Hepatitis B vaccination. I understand that I must have three doses of the vaccine to obtain immunity. However, as with all medical treatment, there is no guarantee that I will become immune or that I will not experience side effects from the vaccine. I give my consent to be vaccinated for Hepatitis B.

I understand that due to my occupational exposure to blood or other potentially infectious materials I may be at risk of acquiring the Hepatitis B virus infection. I have been given the opportunity to be vaccinated with Hepatitis B vaccine at no charge to myself. However, I decline the Hepatitis B vaccination at this time. I understand that by declining this vaccine, I continue to be at risk of acquiring Hepatitis B, a serious disease. If in the future I continue to have occupational exposure to blood or other potentially infectious materials and I want to be vaccinated with the Hepatitis B vaccine, I can receive the vaccination series at no charge to me.

UNIVERSAL PRECAUTIONS REGULATION

Universal precautions (UP) are intended to prevent transmission of infection, as well as decrease the risk of exposure for employees and students. It is not currently possible to identify all infected individuals, thus precautions must be used with every individual. UP pertain to blood and other potentially infectious materials (OPIM) containing blood. These precautions do not apply to other body fluids and wastes (OBFW) such as saliva, sputum, feces, tears, nasal secretions, vomitus and urine unless blood is visible in the material. However, these OBFW can be sources of other infections and should be handled as if they are infectious. The single most important step in preventing exposure to and transmission of any infection is anticipating potential contact with infectious materials in routine as well as emergency situations. Based on the type of possible contact, employees and students should be prepared to use the appropriate precautions prior to the contact. Diligent and proper hand washing, the use of barriers, appropriate disposal of waste products and needles, and proper decontamination of spills are essential techniques of infection control. All individuals should respond to situations practicing UP followed by the activation of the school response team plan. Using common sense in the application of these measures will enhance protection of employees and students.

Hand Washing

Proper hand washing is crucial to preventing the spread of infection. Textured jewelry on the hands or wrists should be removed prior to washing and kept off until completion of the procedure and the hands are rewashed. Use of running water, lathering with soap and using friction to clean all hand surfaces is key. Rinse well with running water and dry hands with paper towels.

- Hands should be washed before physical contact with individuals and after contact is completed.
- Hands should be washed after contact with any used equipment.
- If hands (or other skin) come into contact with blood or body fluids, hands should be washed immediately before touching anything else.
- Hands should be washed whether gloves are worn or not and, if gloves are worn, after the gloves are removed.

Barriers

Barriers anticipated to be used at school include disposable gloves, absorbent materials and resuscitation devices. Their use is intended to reduce the risk of contact with blood and body fluids as well as to control the spread of infectious agents from individual to individual. Gloves should be worn when in contact with blood, OPIM or OBFW. Gloves should be removed without touching the outside and disposed of after each use.

Approved 7/17/2023 Reviewed G.C. July 2023 Revised _____

Disposal of Waste

Blood, OPIM, OBFW, used gloves, barriers and absorbent materials should be placed in a plastic bag and disposed of in the usual procedure. When the blood or OPIM is liquid, semi-liquid or caked with dried blood, it is not absorbed in materials, and is capable of releasing the substance if compressed, special disposal as regulated waste is required. A band-aid, towel, sanitary napkin or other absorbed waste that does not have the potential of releasing the waste if compressed would not be considered regulated waste. It is anticipated schools would only have regulated waste in the case of a severe incident. Needles, syringes and other sharp disposable objects should be placed in special puncture-proof containers and disposed of as regulated waste. Bodily wastes such as urine, vomitus or feces should be disposed of in the sanitary sewer system.

Clean up

Spills of blood and OPIM should be cleaned up immediately. The employee should:

- Wear gloves.
- Clean up the spill with paper towels or other absorbent material.
- Use a solution of one part household bleach to one hundred parts of water (1:100) or other EPA-approved disinfectant and use it to wash the area well.
- Dispose of gloves, soiled towels and other waste in a plastic bag.
- Clean and disinfect reusable supplies and equipment.

Laundry

Laundry with blood or OPIM should be handled as little as possible with a minimum of agitation. It should be bagged at the location. If it has the potential of releasing the substance when compacted, regulated waste guidelines should be followed. Employees who have contact with this laundry should wear protective barriers.

Exposure

An exposure to blood or OPIM through contact with broken skin, mucous membrane or by needle or sharp stick requires immediate washing, reporting and follow-up.

- Always wash the exposed area immediately with soap and water.
- If a mucous membrane splash (eye or mouth) or exposure of broken skin occurs, irrigate or wash the area thoroughly.
- If a cut or needle stick injury occurs, wash the area thoroughly with soap and water.

The exposure should be reported immediately, the parent or guardian is notified, and the person exposed contacts a health care provider for further health care.

HAZARDOUS CHEMICAL DISCLOSURE

The board authorizes the development of a comprehensive hazardous chemical communication program for the school district to disseminate information about hazardous chemicals in the workplace.

Each employee shall annually review information about hazardous substances in the workplace. When a new employee is hired or transferred to a new position or work site, the information and training, if necessary, shall be included in the employee's orientation. When an additional hazardous substance enters the workplace, information about it shall be distributed to all employees, and training shall be conducted for the appropriate employees. The central administration office shall maintain a file indicating which hazardous substances are present in the workplace and when training and information sessions take place.

Employees who will be instructing or otherwise working with students shall disseminate information about the hazardous chemicals with which they will be working as part of the instructional program.

It shall be the responsibility of the superintendent to implement this policy.

HARASSMENT

Harassment of employees, students, volunteers or visitors will not be tolerated in the school district. School district includes school district facilities, school district property, or property within the jurisdiction of the school district; while on school-owned or school-operated transportation; while attending or engaged in school activities; and while away from school grounds if the misconduct directly affects the good order, efficient management and welfare of the district.

Harassment includes, but is not limited to, race (including skin color, hair texture, and protective hairstyles), religion, national or ethnic origin, color, marital status, disability, sex, veteran status, age, pregnancy, childbirth or related medical condition, sexual orientation or gender identity, or other prohibited status. Harassment by board members, administrators, employees, parents, vendors, and others doing business with the school district is prohibited. Employees whose behavior is alleged to be in violation of this policy will be subject to the investigation procedure which may result in discipline, up to and including, discharge or other appropriate action. Other individuals whose behavior is alleged to be in violation of this policy will be subject to appropriate sanctions as determined and imposed by the superintendent or board.

Harassment on the basis of race, religion, national or ethnic origin, color, marital status, disability, sex, veteran status, age, pregnancy, childbirth or related medical condition, or other prohibited status means conduct of a verbal or physical nature that is designed to embarrass, distress, agitate, disturb or trouble individuals when:

- submission to such conduct is made either explicitly or implicitly a term or condition of a student's education or of an individual's participation in school programs, activities or employment;
- submission to or rejection of such conduct by an individual is used as the basis for decisions affecting the individual; or
- such conduct has the purpose or effect of unreasonably interfering with an individual's performance or
- creating an intimidating, offensive or hostile learning or work environment.

Harassment as set forth above may include, but is not limited to the following:

- verbal, physical or written harassment or abuse or unwelcome communication implying sexual motives or intentions;
- repeated remarks of a demeaning nature;
- implied or explicit threats concerning one's grades, achievements, etc.;
- demeaning jokes, stories, or activities directed at an individual;
- pressure for sexual activity; repeated remarks to a person with sexual or demeaning implications;

- unwelcome touching;
- unwelcome and offensive public sexual display of affection;
- suggesting or demanding sexual involvement, accompanied by implied or explicit threats concerning one's job, promotions, recommendations, etc.

Employees, students, volunteers or visitors who believe they have suffered harassment shall report such matters to the Compliance Coordinator or building principal.

Every report of alleged violations of this policy that can be interpreted at the outset to fall within the protections of laws against discrimination shall be handled as a joint, concurrent investigation into all allegations and coordinated with the full participation of the Compliance Officer and Title IX Coordinator. If, in the course of an ongoing investigation of this policy, potential issues of sexual harassment or discrimination are identified, the Title IX Coordinator shall be promptly notified, and the investigation shall be conducted jointly and concurrently to address the issues of alleged sexual harassment or discrimination as well as the incidents of alleged violations of this policy.

Upon receiving a complaint, the investigator shall confer with the complainant to obtain an understanding and a statement of the facts. It shall be the responsibility of the investigator to promptly and reasonably investigate claims of harassment and to pass the findings on to the superintendent who shall complete such further investigation as deemed necessary and take such final action as appropriate. It is the intention of the district to complete its investigation within ten (10) working days after receiving a complaint unless extenuating circumstances such as unavailability of a witness or needing additional time because of the complexity of the investigation or the need to involve outside experts. The extended timeframe for investigation due to extenuating circumstances shall not exceed ten (10) days without the consent of the complainant, unless the alleged victim agrees to a longer time limit. Information regarding an investigation of harassment shall be confidential to the extent possible, and those individuals who are involved in the investigation shall not discuss information regarding the complaint outside the investigation process.

No one shall retaliate against an employee or student because they have filed a harassment complaint, assisted or participated in a harassment investigation, proceeding, or hearing regarding a harassment charge or because they have opposed language or conduct that violates this policy. This policy should be used when an employee is the alleged harasser or the alleged victim. It is strongly recommended the investigator and alternate investigator be of opposite sexes.

It shall also be the responsibility of the superintendent, in conjunction with the investigator and principals, to develop administrative rules regarding this policy. The superintendent or superintendent's designee shall also be responsible for organizing training programs to educate employees, students and others involved with the school district about harassment and the school district's policy prohibiting harassment. The training shall include how to recognize harassment and what to do in case an individual is

harassed. The employee training will be documented in personnel files to ensure a record of training for each employee.

HARASSMENT INVESTIGATING AND REPORTING

Harassment of employees and students will not be tolerated in the school district.

Harassment is a violation of school district policies, rules and regulations and, in some cases, may also be a violation of criminal or other laws. The school district has the authority to report students violating this rule to law enforcement officials.

Employees whose behavior is alleged to be in violation of this policy will be subject to the investigation procedure which may result in discipline, up to and including, discharge or other appropriate action. Other individuals whose behavior is alleged to be in violation of this policy will be subject to appropriate sanctions as determined and imposed by the superintendent or board.

Individuals who feel that they have been harassed by employees, board members, administrators, parents, vendors or others doing business with the school district should communicate to the harasser that the individual expects the behavior to stop, if the individual is comfortable doing so. If the individual needs assistance communicating with the harasser, he/she should ask a teacher, counselor or principal to help.

Complaint Procedure

An employee or student who believes that they have been harassed shall notify the school principal, the designated investigator. The alternate investigator is the school superintendent. The investigator may request that the employee or student complete the Harassment Complaint form and turn over evidence of the harassment, including, but not limited to, letters, tapes, or pictures. Information received during the investigation shall be kept confidential to the extent possible.

The superintendent, or the investigator with the approval of the superintendent, has the authority to initiate a harassment investigation in the absence of a written complaint.

Investigation Procedure

The investigator shall reasonably and promptly commence the investigation upon receipt of the complaint. The investigator shall interview the complainant and the alleged harasser. The alleged harasser may file a written statement refuting or explaining the behavior outlined in the complaint. The investigator may also interview witnesses as deemed appropriate.

Upon completion of the investigation, the investigator shall report to the superintendent. The investigator will outline the findings of the investigation to the superintendent.

Approved 7/17/2023 Reviewed G.C. July 2023 Revised _____

Resolution of the Complaint

The superintendent will complete the next step in the investigation reasonably and promptly upon receipt of the investigator's report. Following the investigator's report, the superintendent may investigate further, if deemed necessary, and make a determination of the appropriate next step which may include discipline, up to and including, discharge.

Prior to the determination of the appropriate remedial action, the superintendent may, at the superintendent's discretion, interview the complainant and the alleged harasser. The superintendent shall file a written report closing the case and documenting any disciplinary or other action taken in response to the complaint. The complainant, the alleged harasser and the investigator shall receive notice as to the conclusion of the investigation.

Points to Remember in the Investigation

- Evidence uncovered in the investigation is confidential.
- Complaints must be taken seriously and investigated.
- No retaliation will be taken against individuals involved in the investigation process.
- Retaliators will be disciplined up to and including discharge.

Conflicts

If the investigator is the alleged harasser or a witness to the incident, the alternate investigator shall be the investigator.

If the alleged harasser is the superintendent, the alternate investigator shall take the superintendent's place in the investigation process. The alternate investigator shall report the findings to the board.

SUBSTANCE-FREE WORKPLACE

The board expects the school district and its employees to remain substance free. No employee shall unlawfully manufacture, distribute, dispense, possess, use, or be under the influence of in the workplace any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana or any other controlled substance or alcoholic beverage as defined by federal or state law. "Workplace" includes school district facilities, school district premises or school district vehicles. "Workplace" also includes nonschool property if the employee is at any school-sponsored, school-approved or school-related activity, event or function, such as field trips or athletic events where students are under the control of the school district or where the employee is engaged in school business.

If an employee is convicted of a violation of any criminal drug offense committed in the workplace, the employee shall notify the employee's supervisor of the conviction within five days of the conviction.

The superintendent will make the determination whether to require the employee to undergo substance abuse treatment or to discipline the employee. An employee who violates the terms of this policy may be subject to discipline up to and including termination. An employee who violates this policy may be required to successfully participate in a substance abuse treatment program approved by the board. If the employee fails to successfully participate in a program, the employee may be subject to discipline up to and including termination.

The superintendent shall be responsible for publication and dissemination of this policy to each employee. In addition, the superintendent shall oversee the establishment of a substance-free awareness program to educate employees about the dangers of substance abuse and notify them of available substance abuse treatment programs.

It is the responsibility of the superintendent to develop administrative regulations to implement this policy. This policy and related administrative regulations shall have a biennial review to determine its effectiveness, implement needed changes and ensure that the sanctions are consistently enforced.

Approved **12/11/2023** Reviewed **G.C. 12/11/2023** Revised _____

The student's parents/guardian or any other person with knowledge of conduct that may violate this policy is encouraged to immediately report the matter to the building principal. A school employee who suspects or is notified that a student has been subject to conduct that constitutes a violation of this policy shall immediately report the incident to the building principal, as well as properly making any mandatory police or child protective services reports required by law.

Violations of this policy, including acts of retaliation as described in this policy, or knowingly providing false information, may result in disciplinary consequences under applicable Board policy and procedures.

Any person may report sex discrimination, including sexual harassment, at any time, including during non-business hours. Such a report may be made in person, by mail, by telephone or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report.

For purposes of this policy and the grievance process, "Title IX sexual harassment" means conduct on the basis of sex that satisfies one or more of the following:

1. A District employee conditioning the provision of an aid, benefit, or service of the District on an individual's participation in unwelcome sexual conduct;
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District's education program or activity; or
3. "Sexual assault" as defined in 20 USC 1092(f)(6)(A)(v), "dating violence" as defined in 34 USC 12291(a)(10), "domestic violence" as defined in 34 USC 12291(a)(8) or "stalking" as defined in 34 USC 12291(a)(30). These definitions are included in the procedures to this policy.

Such conduct must have taken place during a district education program or activity and against a person in the United States to qualify as sexual harassment under Title IX. An education program or activity includes the locations, events, or circumstances over which the district exercises substantial control over both the respondent and the context in which the harassment occurs. Title IX applies to all of a district's education programs or activities, whether such programs or activities occur on-campus or off-campus.

When the alleged harassment or discrimination does not meet the Title IX definition of sexual harassment, the Title IX Coordinator directs the individual to the applicable process for investigation.

Retaliation Prohibited

The District prohibits intimidation, threats, coercion or discrimination against any individual for the purpose of interfering with any right or privilege secured by Title IX or this policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation proceeding or hearing, or acted in opposition to practices the person reasonably believes to be discriminatory, if applicable. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX or this part, constitutes retaliation.

Confidentiality

The District must keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any individual who has been alleged to be the victim or perpetrator of conduct that could constitute sexual harassment, and any witness, except as may be permitted by Family Educational Rights and Privacy Act (FERPA) or as required by law, or to carry out the purposes of the Title IX regulations, including the conduct of any investigation, hearing or judicial proceeding arising under the regulations.

Notice Requirements

The District provides notice to applicants for admission and employment, students, parents or legal guardians of elementary and secondary school students, employees and the union(s) holding collective bargaining agreements with the district with the name or title, office address, email address and telephone number of the Title IX Coordinator and notice of the District grievance procedures and process, including how to report or file a complaint of sex discrimination, how to file a formal complaint of sexual harassment and how the District will respond. The District also posts the Title IX Coordinator's contact information and Title IX policies and procedures in a prominent location on the District website and in all handbooks made available by the District.

Training Requirements

The District ensures that Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, receives training on the definition of sexual harassment, the scope of the District's education program or activity, how to conduct an investigation and grievance process including examination of evidence, handling hearings, appeals and informal resolution processes, when applicable, how to

address complaints that do not qualify as Title IX sexual harassment, and how to serve impartially including by avoiding prejudgment of the facts at issue, conflicts of interest and bias. The District also ensures that decision-makers and investigators receive training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant as set forth in the formal procedures that follow, and training on any technology to be used at a live hearing, if applicable. Investigators also receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence. All materials used to train individuals who receive training under this section must not rely on sex stereotypes and must promote impartial investigations and judgments of formal complaints of sexual harassment and are made publicly available on the District's website.

Conflict of Interest and Bias

The District ensures that Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process do not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

Determination of Responsibility

The individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment is presumed not responsible for alleged conduct. A determination regarding responsibility will be made by the decision-maker at the conclusion of the investigation in accordance with the process outlined in the accompanying regulation. No disciplinary sanctions will be imposed unless and until a final determination of responsibility is reached.

Other Title IX Coordinator Duties

The Title IX Coordinator, along with the Compliance Coordinator, shall fulfill designated responsibilities to ensure adequate nondiscrimination procedures are in place, to recommend new procedures or modifications to procedures and to monitor the implementation of the district's nondiscrimination procedures in the following areas, as appropriate:

XII. Title IX Formal Complaint Action

The Title IX Coordinator shall have the complainant check the appropriate box and sign and date below to indicate whether or not the complainant wishes to have this form serve as a formal complaint pursuant to Title IX.

I would like my report to be treated as a formal complaint pursuant to Title IX.

☐ Yes

☐ No

Complainant's Signature: _____

Date: _____

If the complainant does not wish this report to be treated as a formal complaint pursuant to Title IX, the Title IX Coordinator must assess whether actions limited to supportive measures are a sufficient response to alleged behavior, or whether a formal complaint process is necessary to investigate and address the situation adequately. For example, if disciplinary action would be warranted if allegations are true, if the respondent is an employee, or if further investigation is needed to assess the extent of the behavior and impact on others, it may be clearly unreasonable not to initiate the formal complaint process. The Title IX Coordinator may consult with the school solicitor and other district officials in making this decision.

As Title IX Coordinator, I have determined that, notwithstanding the complainant's preference, it is necessary to proceed with the Title IX Sexual Harassment Formal Complaint for the following reasons:

Therefore, I am signing this form for the purpose of serving as the formal complaint initiating that process:

TITLE IX SEXUAL HARASSMENT PROCEDURES

The Board requires the following procedures to be followed for the prompt and equitable resolution of student and employee complaints alleging any action that would be prohibited as sexual harassment by Title IX. The Board directs the process to be published in accordance with all statutory and regulatory requirements.

Definitions

The following definitions apply for Title IX policies and procedures:

“Actual knowledge:” notice of sexual harassment or allegations of sexual harassment to the District’s Title IX Coordinator or any official of the District who has authority to institute corrective measures on behalf of the District, or to any employee of an elementary or secondary school.

“Education program or activity:” includes locations, events or circumstances over which the District exercised substantial control over both the individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment, and the context in which the sexual harassment occurs.

“Complainant:” an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

“Respondent:” an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

“Formal complaint:” a document filed by a Complainant or signed by the Title IX Coordinator alleging sexual harassment against a Respondent and requesting that the District investigate the allegation of sexual harassment.

“Supportive measures:” non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available and without fee or charge to the Complainant or Respondent before or after the filing of a formal complaint or where no formal complaint has been filed.

For purposes of this policy and the grievance process, “Title IX sexual harassment” means conduct on the basis of sex that satisfies one or more of the following:

1. A District employee conditioning the provision of an aid, benefit, or service of the District on an individual’s participation in unwelcome sexual conduct;

Approved **12/11/2023** Reviewed **G.C. Dec 2023** Revised _____

2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District's education program or activity; or
3. "Sexual assault" as defined in 20 USC 1092(f)(6)(A)(v), "dating violence" as defined in 34 USC 12291(a)(10), "domestic violence" as defined in 34 USC 12291(a)(8) or "stalking" as defined in 34 USC 12291(a)(30). These definitions are included in the procedures to this policy.
 - A. "Dating violence" means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship is determined by the following factors:
 - i. Length of relationship.
 - ii. Type of relationship.
 - iii. Frequency of interaction between the persons involved in the relationship.
 - B. "Domestic violence" includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving federal funding, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.
 - C. "Sexual assault" means a sexual offense under state or federal law that is classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.
 - D. "Stalking," under Title IX means stalking on the basis of sex, for example when the stalker desires to date a victim. Stalking means to engage in a course of conduct directed at a specific person that would cause a reasonable person to either:
 - i. Fear for their safety or the safety of others.
 - ii. Suffer substantial emotional distress.

District Requirements

When the District has actual knowledge of sexual harassment in an education program or activity of the District, the District will respond promptly in a manner that is not deliberately indifferent. When the harassment or discrimination on the basis of sex does not meet the definition of sexual harassment, the Title IX Coordinator will direct the individual to the applicable sex discrimination process for investigation.

The District treats individuals who are alleged to be the victim (Complainant) and perpetrator (Respondent) of conduct that could constitute sexual harassment equitably by offering supportive measures. Supportive measures are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the District's educational environment, or deter sexual harassment. Supportive measures may include counseling or employee assistance program, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, mutual restrictions on contact between the parties, leaves of absence, increased security and monitoring of certain areas of the District's property, campus escort services, assistance from domestic violence or rape crisis programs, assistance from community health resources, changes in work locations and other similar measures.

For students, supportive measures may also include assessments or evaluations to determine eligibility for special education or related services, or the need to review an Individualized Education Program (IEP) or Section 504 Service Agreement based on a student's behavior. This could include, but is not limited to, a manifestation determination or functional behavioral assessment (FBA), in accordance with applicable law, regulations or Board policy.

The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures. Upon the receipt of a complaint, the Title IX Coordinator must promptly contact the Complainant to discuss the availability of supportive measures, consider the Complainant's wishes with respect to supportive measures, inform the Complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the Complainant the process for filing a formal complaint. If the District does not provide the Complainant with supportive measures, then the District must document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

Timelines

The District has established reasonably prompt time frames for the conclusion of the grievance process, including time frames for filing and resolving appeals and informal resolution processes. The grievance process may be temporarily delayed or extended for good cause. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities. In the event the grievance process is temporarily delayed for good cause, the District will provide written notice to the Complainant and the Respondent of the delay or extension and the reasons for the action.

Response to a Formal Complaint

At the time of filing a formal complaint, a Complainant must be participating in or attempting to participate in the education program or activity of the District with which the formal complaint is filed. A formal complaint may be filed with the Title IX Coordinator in person, by mail, by electronic mail, or other means designated by the District. The District must follow the formal

complaint process before the imposition of any disciplinary sanctions or other actions that are not supportive measures.

Upon receipt of a formal complaint, the District must provide written notice to the known parties including:

1. Notice of the allegations of sexual harassment, including information about the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, the date and location of the alleged incident, and any sufficient details known at the time. Such notice must be provided with sufficient time to prepare a response before any initial interview;
2. An explanation of the District's investigation procedures, including any informal resolution process;
3. A statement that the Respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made by the decision-maker at the conclusion of the investigation;
4. Notice to the parties that they may have an advisor of their choice who may be, but is not required to be, an attorney, and may inspect and review any evidence and
5. Notice to the parties of any provision in the District's code of conduct or policy that prohibits knowingly making false statements or knowingly submitting false information.

If, in the course of an investigation, the District decides to investigate allegations about the Complainant or Respondent that are not included in the notice initially provided, notice of the additional allegations must be provided to known parties.

The District may consolidate formal complaints as to allegations of sexual harassment against more than one Respondent, or by more than one Complainant against one or more Respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.

Emergency Response Measures

Nothing in this policy precludes the District from removing a Respondent from the District's education program or activity on an emergency basis, provided that the District undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and provides the Respondent with notice and an opportunity to challenge the decision immediately following the removal. Nor does it preclude the District from placing a non-student employee Respondent on administrative leave while awaiting the determination of the complaint procedures. This provision may not be construed to modify any rights under the

Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Investigation of a Formal Complaint

When investigating a formal complaint and throughout the grievance process, the District must:

1. Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the District and not the parties;
2. Provide an equal opportunity for the parties to present witnesses and evidence;
3. Not restrict either party's ability to discuss the allegations under investigation or to gather and present relevant evidence;
4. Allow the parties to be accompanied with an advisor of the party's choice who may be, but is not required to be, an attorney. The District may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;
5. Provide written notice of the date, time, location, participants, and purpose of any interview or meeting at which a party is expected to participate, with sufficient time for the party to prepare to participate;
6. Provide the parties equal access to review all the evidence collected which is directly related to the allegations raised in a formal complaint and comply with the review periods outlined in this process;
7. Objectively evaluate all relevant evidence without relying on sex stereotypes;
8. Ensure that Title IX Coordinators, investigators, decision-makers and individuals who facilitate an informal resolution process, do not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent;
9. Not make creditability determinations based on the individual's status as Complainant, Respondent or witness;
10. Not use questions or evidence that constitute or seek disclosure of privileged information unless waived.

Dismissal of Formal Complaints

If the conduct alleged in the formal complaint would not constitute sexual harassment even if proved, did not occur in the District's education program or activity, or did not occur against a

person in the United States, then the District must dismiss the formal complaint with regard to that conduct for purposes of sexual harassment under this policy.

The Title IX Coordinator also may dismiss the formal complaint or any allegations therein at any time during the investigation or hearing, if applicable, when any of the following apply:

1. A Complainant provides written notification to the Title IX Coordinator that the Complainant would like to withdraw the formal complaint or any allegations therein;
2. The Respondent is no longer enrolled or employed by the District; or
3. Specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon dismissal, the Title IX Coordinator promptly sends written notice of the dismissal and the reasons for dismissal simultaneously to both parties.

Evidence Review

The District provides both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation. The evidence provided by the District must include evidence that is directly related to the allegations in the formal complaint, evidence upon which the District does not intend to rely in reaching a determination regarding responsibility, and any inculpatory or exculpatory evidence whether obtained from a party or other source. Prior to completion of the investigative report, the Title IX Coordinator must send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The parties have 10 calendar days to submit a written response to the Title IX Coordinator, which the investigator will consider prior to completion of the investigative report.

Investigative Report

The investigator must prepare an investigative report that fairly summarizes relevant evidence and send the report to the Title IX Coordinator. The Title IX Coordinator must send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response. The parties have 10 calendar days to submit a written response to the Title IX Coordinator.

Decision-Maker's Determination

The investigative report is submitted to the decision-maker. The decision-maker cannot be the same person(s) as the Title IX Coordinator or the investigator. The decision-maker cannot hold a hearing or make a determination regarding responsibility until 10 calendar days from the date the Complainant and Respondent receive the investigator's report.

Prior to reaching a determination regarding responsibility, the decision-maker must afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the Complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the Complainant's prior sexual behavior are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant, or if the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent. Questions must be submitted to the Title IX Coordinator within three calendar days from the date the Complainant and Respondent receive the investigator's report.

The decision-maker must issue a written determination regarding responsibility based on a preponderance of the evidence standard. The decision-maker's written determination must:

1. Identify the allegations potentially constituting sexual harassment;
2. Describe the procedural steps taken, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather evidence, and hearings held;
3. Include the findings of fact supporting the determination;
4. Draw conclusions regarding the application of any District policies and/or code of conduct rules to the facts;
5. Address each allegation and a resolution of the complaint including a determination regarding responsibility, the rationale therefor, any recommended disciplinary sanction(s) imposed on the Respondent, and whether remedies designed to restore or preserve access to the educational program or activity will be provided by the District to the Complainant and
6. The procedures and permissible bases for the Complainant and/or Respondent to appeal the determination.

A copy of the written determination must be provided to both parties simultaneously, and generally will be provided within 60 calendar days from the District's receipt of a formal complaint.

The determination regarding responsibility becomes final either on the date that the District provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Where a determination of responsibility for sexual harassment has been made against the Respondent, the District will provide remedies to the Complainant that are designed to restore or preserve equal access to the District's education program or activity. Such remedies may include

supportive measures; however, remedies need not be non-disciplinary or non-punitive and need not avoid burdening the Respondent. The Title IX Coordinator is responsible for effective implementation of any remedies. Following any determination of responsibility, the District may implement disciplinary sanctions in accordance with State or Federal law and or/the negotiated agreement.

A student who is determined to be responsible for violation of this policy shall be subject to appropriate disciplinary action consistent with school policies and regulations, which may include but is not limited to loss of school privileges, permanent transfer to another school building, classroom or school bus, exclusion from school-sponsored activities, detention, suspension, expulsion, or referral to law enforcement officials.

An employee who violates this policy shall be subject to appropriate disciplinary action consistent with the applicable Board policy, collective bargaining agreement and individual contract, up to and including dismissal and/or referral to law enforcement officials.

Appeals

Either the Complainant or Respondent may appeal the decision-maker's determination regarding responsibility or a dismissal of a formal complaint, on the following bases:

1. Procedural irregularity that affected the outcome of the matter;
2. New evidence that was not reasonably available at the time that could affect the outcome; and
3. The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent that affected the outcome.

The request to appeal must be made in writing to the Title IX Coordinator within seven calendar days after the date of the written determination. The appeal decision-maker must not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent and cannot be the Title IX Coordinator, the investigator, or the decision-maker from the original determination.

The appeal decision-maker must notify the other party in writing when an appeal is filed and give both parties a reasonable equal opportunity to submit a written statement in support of, or challenging, the outcome. After reviewing the evidence, the appeal decision-maker must issue a written decision describing the result of the appeal and the rationale for the result. The decision must be provided to both parties simultaneously, and generally will be provided within 10 calendar days from the date the appeal is filed.

Informal resolution process

Except when concerning allegations that an employee sexually harassed a student, at any time during the formal complaint process and prior to reaching a determination regarding responsibility, the District may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and determination of responsibility, provided that the District:

1. Provides to the parties a written notice disclosing:
 - A. The allegations;
 - B. The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the Title IX formal complaint process with respect to the formal complaint and
 - C. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.
2. Obtains the parties' voluntary, written consent to the informal resolution process.

The informal resolution process generally will be completed within 30 calendar days unless the parties and the Title IX Coordinator mutually agree to temporarily delay or extend the process. The formal grievance process timelines are stayed during the parties' participation in the informal resolution process. If the parties do not reach resolution through the informal resolution process, the parties will resume the formal complaint grievance process, including timelines for resolution, at the point they left off.

Recordkeeping

The District must maintain for a period of seven years records of:

1. Each sexual harassment investigation, including any determination regarding responsibility, any disciplinary sanctions imposed on the Respondent, and any remedies provided to the Complainant designed to restore or preserve equal access to the District's education program or activity;
2. Any appeal and its result;
3. Any informal resolution and its result; and
4. All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The District must make these training materials publicly available on its website.

The District must create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the District must document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the District's education program or activity.

SCHOOL CLOSURE UNDER EXTRAORDINARY CIRCUMSTANCES

In extreme or extraordinary circumstances the district may close one or more buildings to protect the health, safety and welfare of staff and students. In a case of epidemic sickness or other circumstances forcing prolonged closure the district may utilize agreements, procedures, government directives or other measures to pay staff for such time as the school or schools shall be closed to ensure staff continuity.

EMPLOYEE CONDUCT AND APPEARANCE

Employees are role models for the students who come in contact with them during and after school hours. The board recognizes the positive effect employees can have on students in this capacity. To this end, the board strongly suggests and encourages employees to dress themselves, groom themselves and conduct themselves in a manner appropriate to the educational environment.

Employees shall conduct themselves in a professional manner. Employees shall dress in attire appropriate for their position. Clothing should be neat, clean, and in good taste. Discretion and common sense call for an avoidance of extremes which would interfere with or have an effect on the educational process.

Certificated employees of the school district shall follow the code of ethics for their profession as established by the Nebraska Professional Practices Commission.

Every report of alleged violations of employee conduct policies that can be interpreted at the outset to fall within the protections of laws against discrimination shall be handled as a joint, concurrent investigation into all allegations and coordinated with the full participation of the Compliance Officer and Title IX Coordinator. If, in the course of an ongoing employee conduct investigation, potential issues of discrimination are identified, the Title IX Coordinator shall be promptly notified, and the investigation shall be conducted jointly and concurrently to address the issues of alleged discrimination as well as the incidents of alleged violations of employee conduct policies.

Job applicants for certificated positions shall be considered on the basis of the following:

- Training, experience, and skill;

Whenever possible, the preliminary screening of applicants shall be conducted by the administrator who will be directly supervising and overseeing the person being hired.

In the initial employment process, including on the initial application, the applicant shall not be asked to disclose, orally or in writing, information concerning the applicants criminal record or history, until it has been determined that the applicant meets the minimum employment qualifications. This does not prohibit the requirement to disclose an applicant's criminal record or history relating to sexual or physical abuse. Following a determination that the applicant meets minimum employment qualifications, a criminal history information check and questions regarding the applicant's criminal record or history are allowed.

The board shall take action regarding employment of certificated applicants after receiving a recommendation from the superintendent. However, the superintendent shall have the authority to employ a certificated employee on a temporary basis until a recommendation can be made and action can be taken by the board on the position. Upon receipt of the contract, the certificated employee will have until the date specified on the contract or the date specified by the board to sign and return the contract to the Superintendent. In the event of termination of the employee's contract during this period, the board shall follow applicable state statutes. The action of the board will be final.

Certificated employees are to be in their assigned school building during the work day. Advance approval to be absent from the school building must be obtained from the principal whenever the certificated employees must leave the school building during the work day.

The building principal is authorized to make changes in the work day in order to facilitate the education program. These changes shall be reported to the superintendent.

CERTIFICATED EMPLOYEE EVALUATION

Evaluation of certificated employees on their skills, abilities, and competence shall be an ongoing process supervised by the building principals and conducted by approved evaluators. The goal of the formal evaluation of certificated employees, other than administrators, but including extracurricular employees, shall be to improve the education program, to maintain certificated employees who meet or exceed the board's standards of performance, to clarify the certificated employee's role, to ascertain the areas in need of improvement, to clarify the immediate priorities of the board, and to develop a working relationship between the administrators and other employees.

The formal evaluation criteria shall be in writing. The formal evaluation shall provide an opportunity for the evaluator and the certificated employee to discuss the past semester's performance and the future areas of growth. The formal evaluation shall be completed by the evaluator, signed by the certificated employee and filed in the certificated employee's personnel file. This policy supports, and does not preclude, the ongoing informal evaluation of the certificated employee's skills, abilities and competence.

The Superintendent will create an administrative regulation describing the procedure to be used for evaluations and including the evaluation instrument. At a minimum this will provide for evaluation of instructional performance, classroom organization and management, professional conduct, and personal conduct. It will provide for a written description of all noted deficiencies, specific means for the correction of the noted deficiencies and an adequate timeline for implementing the concrete suggestions for improvement. The teacher will be allowed to offer a written response. The regulation will also specify what training will be provided by the district for evaluators.

CERTIFICATED EMPLOYEES - RESIGNATION

Any certificated employee who wishes to be released from contract should consider the difficulty of securing an adequate replacement for the district and disruption to the educational program. A late resignation greatly increases this difficulty and disruption.

A certificated employee who wishes to be released from his/her contract shall immediately deliver a written and signed notice of resignation to the office of the Superintendent. The Superintendent, upon reviewing the request and its impact on the district, shall forward the request to the School Board with an appropriate recommendation.

The School Board shall make the final determination regarding the request but shall have no obligation to approve the employee's early release from contract.

The Board may request the employee to continue as a member of the staff and to fulfill the terms of his/her contract. The early release, if allowed, will become effective at the end of the school year in which it is submitted. If the employee has requested the release to become effective at an earlier date than the end of the school year, the Board may consider it on an individual basis.

An employee's refusal to fulfill his/her contract shall be cause for the district to request a suspension or revocation of certification by the Nebraska Department of Education.

CERTIFICATED EMPLOYEE REDUCTION-IN-FORCE

The board has the exclusive authority to determine the appropriate number of certificated employees. Reductions-in-force of certificated staff members may be required due to changes in the size or nature of the student population, limited financial support, changing programs, staff realignment or other changes in circumstances. Reduction-in-force may result in termination of employment, an amendment to the employee's contract reducing the employee from full-time to part-time status or an amendment to the contract of a part-time employee further reducing that employee's percentage of employment.

Prior to the reduction-in-force the board shall present evidence that such changes in circumstances have occurred. If a reduction of certificated staff is necessary, the superintendent or designee shall recommend to the school board those certificated employees to be reduced in employment under the provisions of this policy. No permanent employee may be selected for a reduction-in-force while a probationary employee is retained to perform a service that the permanent employee is qualified by certification and endorsement to perform or where certification is not applicable, by reason of college credits in the teaching area.

Due to the often intimate, confidential, and unique personal working relationship necessary between the administration and the school board, a certificated employee who is not currently serving in a predominantly administrative capacity shall have no rights under this policy to any administrative position within the school system.

The selection of personnel to be terminated shall be made with consideration given to the following:

1. Programs to be offered;
2. Areas of certification and endorsement;
3. State and federal regulations which may mandate certain employment practices;
4. Special qualifications that may require specific training and/or experience;
5. Contributions to activity programs;
6. Qualifications based on past performance and competence as determined by the principal and/or superintendent through employee evaluation procedures;
7. The organizational and educational impact created by multiple part-time certificated employees; and
8. Any other reasons which can be rationally related to the instruction in or administration of the school system.

Employee evaluations (including frequency of evaluations, evaluation forms, and number and length of classroom observations, if applicable) used under this policy shall conform to the board policies and administrative rules, regulations, and practices in effect at the time for the periodic evaluation of certificated staff members.

The district may offer a voluntary early retirement program for full-time certificated employees and non-certificated administrative employees. Upon written application and approval of the superintendent and board, eligible employees may participate in the program.

The major purpose of the program is to encourage eligible employees who are considering early retirement to accelerate their plans. Program objectives include but are not limited to the following:

2. To reduce district costs by replacing maximum salary employees with lesser salary employees.
3. To provide a more diversified balance of employee experience.
4. To reduce or eliminate the possibility of certificated employee layoffs.

It is the responsibility of the superintendent to develop administrative regulations to implement this policy including eligibility requirements, conditions and limitations, application procedures, benefit tables, payment schedules and insurance provisions.

 - A. A period of incapacity lasting more than three consecutive, full calendar days, and any subsequent treatment or period of incapacity relating to the same condition, that also includes:
 - 1) treatment two or more times by or under the supervision of a health care provider (i.e., in-person visits, the first within 7 days and both within 30 days of the first day of incapacity); or
 - 2) one treatment by a health care provider (i.e., an in-person visit within 7 days of the first day of incapacity) with a continuing regimen of treatment (e.g., prescription medication, physical therapy); or
 - B. Any period of incapacity related to pregnancy or for prenatal care. A visit to the health care provider is not necessary for each absence; or
 - C. Any period of incapacity or treatment for a chronic serious health condition which continues over an extended period of time, requires periodic visits (at least twice a year) to a health care provider, and may involve occasional episodes of incapacity. A visit to a health care provider is not necessary for each absence; or
 - D. A period of incapacity that is permanent or long-term due to a condition for which

treatment may not be effective. Only supervision by a health care provider is required, rather than active treatment; or

- E. Any absences to receive multiple treatments for restorative surgery or for a condition that would likely result in a period of incapacity of more than three days if not treated.

Intermittent Leave for "Instructional Employees":

Special rules apply if an employee employed "mainly in an instructional capacity" requests intermittent leave or leave on a reduced schedule because of his/her own serious health condition or the serious health condition of a parent, child, or spouse that is foreseeable based on a planned medical treatment and the employee would be gone for more than twenty percent (20%) of the working days during the period of leave. In such cases, the district may require the employee to do the following things:

1. Take leave for periods of a particular duration not to exceed the duration of the planned medical treatment.
2. Transfer temporarily to another position offered by the district for which the employee is qualified, as long as the new position has equivalent pay and benefits and better accommodates the recurring periods of leave.

An instructional employee who takes leave constituting less than twenty percent (20%) of the working days during the leave period would not be subject to transfer to an alternative position, or a requirement to be on leave for the duration of the treatment period.

An employee will be denied intermittent leave or leave on a reduced leave schedule to care for an immediate family member (spouse, child, parent) with a serious health condition or if the employee has a serious health condition, if:

1. The employee, whether requesting leave because of his/her own serious health condition or because of the serious health condition of a parent, child, or spouse fails to establish, through medical certification, that there is a medical need for such a leave (as distinguished from voluntary treatments and procedures or a continuous treatment schedule).
2. The employee, whether requesting leave for his/her own serious health condition or because of the serious health condition of a family member, fails to establish, through medical certification, that it is medically necessary for the leave to be taken intermittently on a reduced leave schedule.

Intermittent leave or a reduced leave schedule may not be taken for the birth of a child or for the placement of a child for adoption or foster care.

When intermittent leave or leave on a reduced leave schedule is requested based on planned medical treatment, the district also may alter an existing job to better accommodate the employee's need for intermittent or reduced leave. The alternative or altered position must have equivalent pay and benefits.

End-Of-Semester Circumstances

In some circumstances, the district may require instructional employees to continue their leave to the end of the academic semester within the FMLA guidelines.

Maintenance Of Health Benefits

The district is required to maintain group health insurance coverage for an employee on FMLA leave whenever such insurance was provided before the leave was taken and on the same terms as if the employee had continued to work. If applicable, arrangements will need to be made for employees to pay their share of health insurance premiums while on leave. In some instances, the district may recover premiums it paid to maintain health coverage for an employee who fails to return to work from FMLA leave.

Job Restoration

Upon return from FMLA leave, an employee will be restored to the employee's original job, or to an equivalent job with equivalent pay, benefits, and other terms and conditions of employment. An employee's use of FMLA leave will not result in the loss of any employment benefit that the employee earned or was entitled to before using FMLA leave, nor be counted against the employee under a "no fault" attendance policy. If a bonus or other payment, however, is based on the achievement of a specified goal such as hours worked or perfect attendance, and the employee has not met the goal due to FMLA leave, payment may be denied unless it is paid to an employee on equivalent leave status for a reason that does not qualify as FMLA leave. An employee has no greater right to restoration or to other benefits and conditions of employment than if the employee had been continuously employed.

Notice And Certification

Employee Notice: Employees seeking to use FMLA leave are required to provide 30-day advance notice of the need to take FMLA leave when the need is foreseeable and such notice is practicable. If leave is foreseeable less than 30 days in advance, the employee must provide notice as soon as practicable – generally, either the same or next business day. When the need for leave is not foreseeable, the employee must provide notice to the district as soon as practicable under the facts and circumstances of the particular case. Absent unusual circumstances, employees must comply with the district's usual and customary notice and procedural requirements for requesting leave.

Employees must provide sufficient information for the district reasonably to determine whether the FMLA may apply to the leave request. Depending on the situation, such information may include that the employee is incapacitated due to pregnancy, has been hospitalized overnight, is unable to perform the functions of the job, and/or that the employee or employee's qualifying family member is under the continuing care of a health care provider.

When an employee seeks leave due to a FMLA-qualifying reason for which the district has previously provided the employee FMLA-protected leave, the employee must specifically reference either the qualifying reason for leave or the need for FMLA leave.

Employer Notice: The district will post a notice approved by the Secretary of Labor explaining rights and responsibilities under FMLA. Additionally, the district will either include this general notice in employee handbooks or other written guidance to employees concerning benefits, or must distribute a copy of the notice to each new employee upon hiring.

When an employee requests FMLA leave or the district acquires knowledge that leave may be for a FMLA purpose, the district shall notify the employee of his or her eligibility to take leave, and inform the employee of his/her rights and responsibilities under FMLA. When the district has enough information to determine that leave is being taken for a FMLA-qualifying reason, the district must notify the employee that the leave is designated and will be counted as FMLA leave.

Certification: The district may require that an employee's request for leave due to a serious health condition affecting the employee or a covered family member be supported by a certification from a health care provider. The district may require second or third medical opinions (at the district's expense) and periodic recertification of a serious health condition. The district may use a health care provider, a human resource professional, a leave administrator, or a management official – but not the employee's direct supervisor – to authenticate or clarify a medical certification of a serious health condition. The district may have a uniformly-applied policy requiring employees returning from leave for their own serious health condition to submit a certification that they are able to resume work. If reasonable safety concerns exist, the district may, under certain circumstances, require such a certification for employees returning from intermittent FMLA leave.

CERTIFICATED EMPLOYEE BEREAVEMENT LEAVE

In the event of a death of a member of a certificated employee's immediate family, bereavement leave may be granted. The immediate family includes child, spouse, parent, brother, sister, mother-in-law, father-in-law, brother-in-law, sister-in-law, son-in-law, daughter-in-law, or grandparent of the employee.

The requirements stated in the Negotiated Contract between employees in that certified collective bargaining unit and the board regarding the bereavement leave of such employees shall be followed.

Unpaid leave for certificated employees must be authorized by the superintendent. Any unused Personal Leave days must be applied to such absences rather than including them as Unpaid Leave.

The superintendent shall have complete discretion to grant or deny the requested unpaid leave. SUPPORT STAFF LEAVE

Classified staff will accumulate PTO leave on a percentage rate based on years of experience with Hay Springs Public School. Maximum PTO hours accumulated will also be based on years of experience in the district. Those percentage rates and maximum accumulation allowance are included in the table below:

This policy also provides for those individuals that accumulate the maximum allowable hours of PTO to rollover additional hours into an Emergency Medical Leave bank (EML) which will have an additional maximum EML leave hours' base on years of service. The benefit to the EML is that it provides additional leave for long time committed employees in the case of an accident or extended illness. The EML policy limits the school's liability to compensate employees for unused PTO hours but no compensation for accumulated EML hours and the time of separation.

PTO/EML Policy				
	% Earned	Max PTO	MAX EML	Total PTO & EML
1-5 Year Employees	5.00%	100	100	200
6-10 Year Employees	7.0%	150	150	300
11-20 Year Employee	9%	200	200	400
> 20 Year Employee	11.0%	250	250	500

If Support Staff reach the maximum PTO and EML combined, any additional hours will be lost as the district will not compensate employees for time over the maximum allowable PTO & EML hours.

PTO hours will be utilized to fill assigned FTE hours. Employees should complete PTO requests prior to when leave needs to be granted. Full-time, forty hour/week employee should utilize PTO in a timely manner to avoid excessive buildup of PTO and EML hours. PTO leave may be denied when the leave is considered to cause hardship on the district, (i.e. a replacement cannot be found, etc).

PTO time as well as unpaid time off must be requested in writing on the leave request form with prior approval by an administrator. Non-approved leave will be considered truant from work and may be dealt with accordingly.

In addition to earned PTO/EML leave, these holidays will also be granted to classified employees as paid leave if the holiday is during their normal work month: (Minimum of 30 hrs/week)

SUPPORT STAFF PERSONAL ILLNESS LEAVE

Support staff shall be granted as PTO/EML leave as described in 415.01R1 based on hours worked and year of service to the district. "Day" is defined as one work day regardless of full-time or part-time status of the employee. A new employee shall report for work at least one full work day prior to receiving sick leave benefits.

Should the personal illness occur after or extend beyond the accumulated sick leave, the employee may apply for disability benefits under the group insurance plan. If the employee does not qualify for disability benefits, the employee may request a leave of absence without pay.

Evidence may be required regarding the mental or physical health of the employee including, but not limited to, confirmation of the following: the employee's illness, the need for the illness leave, the employee's ability to return to work, and the employee's capability to perform the duties of the employee's position. It shall be within the discretion of the board and the superintendent to determine the type and amount of evidence necessary. When an illness leave will be greater than three consecutive days, the employee shall comply with board policy regarding family and medical leave.

If an employee is eligible to receive workers' compensation benefits, the employee shall contact the superintendent to implement these benefits.

SUPPORT STAFF FAMILY AND MEDICAL LEAVE

The district will comply with all provisions of the Family and Medical Leave Act of 1993 and amendments.

Unpaid family and medical leave will be granted up to twelve (12) weeks in any twelve (12) month period to eligible support staff members for the following reasons:

1. the birth or care of a newborn child within one (1) year of the child's birth;
2. the placement or care by way of adoption or foster care with the staff member within one (1) year of the child's arrival;
3. to care for the staff member's spouse, parent or dependent child with a serious health condition;
4. if the staff member's own serious health condition prevents that employee from performing the functions of the employee's job;
5. in qualifying urgent situations arising out of the fact that the employee's spouse, son, daughter, or parent is on active duty or call to active duty status as a member of the National Guard or Reserves in support of a contingency operation.

Unpaid leave will be granted up to twenty-six (26) weeks during a single twelve (12) month period to eligible support staff members to care for a spouse, son, daughter, parent, or next of kin of a current member of the Armed Forces, including a member of the National Guard or Reserves, with a serious injury or illness.

For purposes of this policy, the twelve month period is defined as a "rolling period based on the date the leave is requested to begin and looking backward at the last twelve-months of use." Requests for family and medical leave shall be made to the superintendent.

To be eligible for FMLA benefits, a district employee must:

1. have worked for the district for a total of 12 months; and
2. have worked at least 1,250 hours over the previous 12 months.

When meeting the requirements set out in the family and medical leave administrative rules, employees may be allowed or required to substitute paid leave for unpaid family and medical leave according to the terms and conditions of the district's normal leave policies. Employees eligible for family and medical leave must comply with the family and medical leave administrative rules prior to starting family and medical leave. Requests for FMLA leave shall be submitted in writing. This policy shall not be construed to expand eligibility for an FMLA leave beyond what is required by the Act. It shall be the responsibility of the superintendent to implement this policy.

SUPPORT STAFF FAMILY AND MEDICAL LEAVE REGULATIONS

Determining the 12-month previous employment eligibility:

While the 12 months of employment need not be consecutive, employment periods prior to a break in service of seven years or more need not be counted unless the break is occasioned by the employee's fulfillment of his or her National Guard or Reserve military obligation (as protected under the Uniformed Services Employment and Reemployment Rights Act (USERRA)), or a written agreement, including a collective bargaining agreement, exists concerning the district's intention to rehire the employee after the break in service.

Spouses employed by the same employer:

Spouses employed by the same employer are limited in the amount of family leave they may take for the birth and care of a newborn child, placement of a child for adoption or foster care, or to care for a parent who has a serious health condition to a combined total of 12 weeks (or 26 weeks if leave to care for a covered service member with a serious injury or illness is also used). Leave for birth and care, or placement for adoption or foster care, must conclude within 12 months of the birth or placement.

Serious Health Condition defined:

"Serious health condition" means an illness, injury, impairment, or physical or mental condition that involves either:

1. Inpatient care (i.e., an overnight stay) in a hospital, hospice, or residential medical-care facility, including any period of incapacity (i.e., inability to work, attend school, or perform other regular daily activities) or subsequent treatment in connection with such inpatient care; or
2. Continuing treatment by a health care provider, which includes:
 - A. A period of incapacity lasting more than three consecutive, full calendar days, and any subsequent treatment or period of incapacity relating to the same condition, that also includes:
 - 1) treatment two or more times by or under the supervision of a health care provider (i.e., in-person visits, the first within 7 days and both within 30 days of the first day of incapacity); or
 - 2) one treatment by a health care provider (i.e., an in-person visit within 7 days of the first day of incapacity) with a continuing regimen of treatment (e.g., prescription medication, physical therapy); or
 - B. Any period of incapacity related to pregnancy or for prenatal care. A visit to the health care provider is not necessary for each absence; or
 - C. Any period of incapacity or treatment for a chronic serious health condition which continues over an extended period of time, requires periodic visits (at least twice a year) to a health care provider, and may involve occasional episodes of incapacity. A visit to a health care provider is not necessary for each absence; or
 - D. A period of incapacity that is permanent or long-term due to a condition for which

Approved 2/12/2024 Reviewed G.C. Feb 2024 Revised _____

treatment may not be effective. Only supervision by a health care provider is required, rather than active treatment; or

- E. Any absences to receive multiple treatments for restorative surgery or for a condition that would likely result in a period of incapacity of more than three days if not treated.

Intermittent Leave for "Instructional Employees":

Special rules apply if an employee employed "mainly in an instructional capacity" requests intermittent leave or leave on a reduced schedule because of his/her own serious health condition or the serious health condition of a parent, child, or spouse that is foreseeable based on a planned medical treatment and the employee would be gone for more than twenty percent (20%) of the working days during the period of leave. In such cases, the district may require the employee to do the following things:

1. Take leave for periods of a particular duration not to exceed the duration of the planned medical treatment.
2. Transfer temporarily to another position offered by the district for which the employee is qualified, as long as the new position has equivalent pay and benefits and better accommodates the recurring periods of leave.

An instructional employee who takes leave constituting less than twenty percent (20%) of the working days during the leave period would not be subject to transfer to an alternative position, or a requirement to be on leave for the duration of the treatment period.

An employee will be denied intermittent leave or leave on a reduced leave schedule to care for an immediate family member (spouse, child, parent) with a serious health condition or if the employee has a serious health condition, if:

1. The employee, whether requesting leave because of his/her own serious health condition or because of the serious health condition of a parent, child, or spouse fails to establish, through medical certification, that there is a medical need for such a leave (as distinguished from voluntary treatments and procedures or a continuous treatment schedule).
2. The employee, whether requesting leave for his/her own serious health condition or because of the serious health condition of a family member, fails to establish, through medical certification, that it is medically necessary for the leave to be taken intermittently on a reduced leave schedule.

Intermittent leave or a reduced leave schedule may not be taken for the birth of a child or for the placement of a child for adoption or foster care.

When intermittent leave or leave on a reduced leave schedule is requested based on planned medical treatment, the district also may alter an existing job to better accommodate the employee's need for intermittent or reduced leave. The alternative or altered position must have equivalent pay and benefits.

End-Of-Semester Circumstances

In some circumstances, the district may require instructional employees to continue their leave to the end of the academic semester within the FMLA guidelines.

Maintenance Of Health Benefits

The district is required to maintain group health insurance coverage for an employee on FMLA leave whenever such insurance was provided before the leave was taken and on the same terms as if the employee had continued to work. If applicable, arrangements will need to be made for employees to pay their share of health insurance premiums while on leave. In some instances, the district may recover premiums it paid to maintain health coverage for an employee who fails to return to work from FMLA leave.

Job Restoration

Upon return from FMLA leave, an employee will be restored to the employee's original job, or to an equivalent job with equivalent pay, benefits, and other terms and conditions of employment. An employee's use of FMLA leave will not result in the loss of any employment benefit that the employee earned or was entitled to before using FMLA leave, nor be counted against the employee under a "no fault" attendance policy. If a bonus or other payment, however, is based on the achievement of a specified goal such as hours worked or perfect attendance, and the employee has not met the goal due to FMLA leave, payment may be denied unless it is paid to an employee on equivalent leave status for a reason that does not qualify as FMLA leave. An employee has no greater right to restoration or to other benefits and conditions of employment than if the employee had been continuously employed.

Notice And Certification

Employee Notice: Employees seeking to use FMLA leave are required to provide 30-day advance notice of the need to take FMLA leave when the need is foreseeable and such notice is practicable. If leave is foreseeable less than 30 days in advance, the employee must provide notice as soon as practicable – generally, either the same or next business day. When the need for leave is not foreseeable, the employee must provide notice to the district as soon as practicable under the facts and circumstances of the particular case. Absent unusual circumstances, employees must comply with the district's usual and customary notice and procedural requirements for requesting leave.

Employees must provide sufficient information for the district reasonably to determine whether the FMLA may apply to the leave request. Depending on the situation, such information may include that the employee is incapacitated due to pregnancy, has been hospitalized overnight, is unable to perform the functions of the job, and/or that the employee or employee's qualifying family member is under the continuing care of a health care provider.

When an employee seeks leave due to a FMLA-qualifying reason for which the district has previously provided the employee FMLA-protected leave, the employee must specifically reference either the qualifying reason for leave or the need for FMLA leave.

Employer Notice: The district will post a notice approved by the Secretary of Labor explaining rights and responsibilities under FMLA. Additionally, the district will either include this general

notice in employee handbooks or other written guidance to employees concerning benefits, or must distribute a copy of the notice to each new employee upon hiring.

When an employee requests FMLA leave or the district acquires knowledge that leave may be for a FMLA purpose, the district shall notify the employee of his or her eligibility to take leave, and inform the employee of his/her rights and responsibilities under FMLA. When the district has enough information to determine that leave is being taken for a FMLA-qualifying reason, the district must notify the employee that the leave is designated and will be counted as FMLA leave.

Certification: The district may require that an employee's request for leave due to a serious health condition affecting the employee or a covered family member be supported by a certification from a health care provider. The district may require second or third medical opinions (at the district's expense) and periodic recertification of a serious health condition. The district may use a health care provider, a human resource professional, a leave administrator, or a management official – but not the employee's direct supervisor – to authenticate or clarify a medical certification of a serious health condition. The district may have a uniformly-applied policy requiring employees returning from leave for their own serious health condition to submit a certification that they are able to resume work. If reasonable safety concerns exist, the district may, under certain circumstances, require such a certification for employees returning from intermittent FMLA leave.

SUPPORT STAFF BEREAVEMENT LEAVE

The immediate family includes child, spouse, parent, brother, sister, mother-in-law, father-in-law, brother-in-law, sister-in-law, son-in-law, daughter-in-law, or grandparent of the employee.

Bereavement leave will be granted for the death of a support staff member's immediate family or a close friend or other relative not listed above in accordance with the **Support Staff Leave Policy regulation 415.01 R.**
