ROLE OF ADMINISTRATION

In this series of the board policy manual, the board defines the role and the employment of school district administrators. Policies in the 400 Series, "Employees," also apply to administrators unless a more specific policy exists in the 300 Series, "Administration."

School district administrators have been given a great opportunity and responsibility to manage the school district, to provide educational leadership, and to implement the educational philosophy of the school district. They are responsible for the day-to-day operations of the school district. In carrying out these operations, the administrators are guided by board policies, the law, the needs of the students, and the wishes of the citizens in the school district community.

It shall be the responsibility of the administrators to implement and enforce the policies of the board, to oversee employees, to monitor educational issues confronting the school district, and to inform the board about school district operations.

While the board holds the superintendent ultimately responsible for these duties, the principals are more directly responsible for educational results, for the administration of the school facilities and for the employees.

The board and the administration shall work together to share information and decisions under the management team concept.

STRUCTURE OF MANAGEMENT

The board and the administrators shall work together in making decisions and setting goals for the school district. This effort is designed to obtain, share, and use information to solve problems, make decisions, and formulate school district policies and regulations.

It shall be the responsibility of each administrator to fully participate in the management of the school district by investigating, analyzing, and expressing their views on issues. Those board members or administrators with special expertise or knowledge of an issue may be called upon to provide information. Each board member and administrator shall support the decisions reached on the issues confronting the school district.

The board shall be responsible for making the final decision in matters pertaining to the school district.

It shall be the responsibility of the superintendent to develop guidelines for cooperative decision-making.

MANAGEMENT TEAM

The board considers all those who have a role in the recruitment or release of employees to be part of the management team. The management team shall be headed by the superintendent. The superintendent shall convene meetings to discuss school district policies, administrative procedures and other business brought to the superintendent's attention.

The management team shall meet with the board upon the board's request or superintendent's recommendation to review overall operations of the school district and conditions affecting the management team. The management team shall have no relationship to the formal negotiating team. In the event a member or members of the management team are unable to resolve a problem, a committee of one board member, one management team member, and the superintendent shall investigate the circumstances and make a recommendation. If the recommendation does not settle the matter, the board and the management team shall meet to resolve the matter. The board may seek the advice of outside management consultants to assist in resolving the matter.

SUCCESSION OF AUTHORITY TO THE SUPERINTENDENT

In the absence of the superintendent, it shall be the responsibility of the other administrators to assume the superintendent's duties. The succession of authority to the superintendent shall be in this order:

1. PreK-12 Principal
2. Director of Student Affairs
3. Activities Director

If the absence of the superintendent is temporary, the successor shall assume only those duties and responsibilities of the superintendent that require immediate action. If the board determines the absence of the superintendent will be a lengthy one, the board shall appoint an acting superintendent to assume the responsibilities of the superintendent. The successor shall assume the duties when the successor learns of the superintendent's absence or when assigned by the superintendent or the board.

All references to "superintendent" in this policy manual shall mean the "superintendent or the superintendent's designee" unless otherwise stated in the board policy.

COMMUNICATION CHANNELS

Questions and problems shall be resolved at the lowest organizational level nearest to the complaint. School employees shall be responsible for conferring with their immediate supervisor on questions and concerns. Students and other members of the school district community shall confer with a certificated employee and then with the principal on questions and concerns. Policies referenced at the end of this page shall serve as guidelines for additional resolution of conflicts.

It shall first be the responsibility of the administrators to resolve questions and problems raised by the employees and the students they supervise and by other members of the school district community.

The board shall consider applicants that meet or exceed the standards set by the Nebraska Department of Education and the qualifications established in the job description for the superintendent position. In employing a superintendent, the board shall consider the qualifications, credentials and records of the applicants without regard to race, color, religion, sex, national origin, age, or disability. The board will look closely at the training, experience, skill and demonstrated competence of qualified applicants in making its final decision.

In choosing a superintendent, the board shall also consider the school district's educational philosophy, financial situation, organizational structure, education programs, and other factors deemed relevant by the board.

SUPERINTENDENT CONTRACT AND CONTRACT NONRENEWAL

It shall be the responsibility of the board to provide the contract for the position of superintendent. The length of the contract for employment between the superintendent and the board shall be determined by the board, but shall not exceed three years. The contract will begin on July 1 and end on June 30. The contract shall state the terms of employment.

Before the board approves a proposed contract for superintendent services, or any proposed amendment to an existing contract, the board shall publish a copy of the contract or amendment, and a reasonable estimate and description of all current and future costs to the district if the proposed contract or amendment were to be approved, at least three days before the board meeting at which it will be considered. This publication shall also specify the date, time, and place of this public meeting. Electronic publication on the web site of the district shall satisfy this publication requirement if it is prominently displayed and allows public access to the entire proposed contract or amendment. The board is not required to publish the contract of a newly hired superintendent prior to board approval of the contract.

After the board approves the contract or contract amendments the board shall publish a copy of the contract, and a reasonable estimate and description of all current and future costs to the district that will be incurred as a result of the contract, within two days after the board meeting at which it was approved. Electronic publication on the web site must be prominently displayed as described above.

After approval of the contract or contract amendments, the board shall file a copy of the contract or amendments with the State Department of Education on or before August 1.

The superintendent serves the board as a probationary certificated employee, regardless of length of service. The superintendent's contract shall be deemed renewed and will remain in full force unless it is amended or not renewed. The superintendent and board may mutually agree to terminate the superintendent's contract at any time.

In the event of nonrenewal, termination or amendment of a contract, the board shall give the superintendent notice of its intent by April 15. Unless continued by mutual written agreement according to statutory procedures, the board shall take final action on the contract by May 15.

If the superintendent wishes to resign, to be released from a contract, or to retire, the superintendent must comply with board policies dealing with retirement, release or resignation.

SUPERINTENDENT EVALUATION

The board will conduct an ongoing evaluation of the superintendent's skills, abilities, and competence. At a minimum, the board will formally evaluate the superintendent twice in the first year and annually thereafter. The goal of the superintendent's formal evaluation is to ensure the education program for the students is carried out, promote growth in effective administrative leadership, clarify the superintendent's role, clarify the immediate priorities of the board, and develop a working relationship between the board and the superintendent.

The formal evaluation will be based upon the following principles:

1. The evaluation criteria shall be in writing, clearly stated and mutually agreed upon by the board and the superintendent. The criteria will be related to the job description and the school district's goals;
2. At a minimum, the evaluation process will be conducted annually at a time agreed upon;
3. Each board member shall have an opportunity to individually evaluate the superintendent, and these individual evaluations will be compiled into an overall evaluation by the entire board;
4. The board as a whole shall discuss its evaluation with the superintendent in open or closed session as appropriate; and
5. The board will complete the evaluation process by reaching consensus on goals or priorities for the superintendent for the next period of evaluation.

Any thorough evaluation of the Superintendent will likely have both positive and negative comments interspersed throughout the discussion. If the board enters into closed session it must clearly be to prevent needless harm to the reputation of an individual or for the protection of the public interest. Policy 204.06 Closed Session should be followed in all respects when going into or coming out of closed session.

The board president will develop a written summary of the individual evaluations, including both the strengths and the weaknesses of the superintendent, and place it in the superintendent's personnel file to be incorporated into the next cycle of evaluations.

This policy supports and does not preclude the ongoing, informal evaluation of the superintendent's skills, abilities and competence.

The bidding procedures shall comply with the requirements of state law and shall include the following:

1. Notice to Bidders: The Administration shall prepare a notice to bidders containing a general description of the scope of the project being bid; the location of the project; the means of obtaining project documents, including plans and specifications; the date and hour bids will close; and the date, hour and place bids are to be returned, received and opened, and a provision that such bids will be immediately and simultaneously opened in the presence of the bidders or representatives of the bidders, when the hour is reached for the bids to close.
2. Regular Manner of Advertisement for Bids: The notice to bidders shall be published one time in a newspaper of general circulation in the School District. The notice shall be published at least seven (7) days prior to the date designated for the opening of such bids. The Board of Education or Administration may, in its sole discretion, elect to utilize further advertisement for bids as it may determine appropriate to secure a sufficient number of qualified bidders for the scope of the project.
3. Bid Opening: When the hour is reached for such bids to close, bids will be immediately and simultaneously opened in the presence of the bidders or representatives of the bidders.
4. Contract Award: The contract shall be awarded to the lowest responsible bidder as to the extent required by law. When not so required, the award shall be made on the basis of consideration of the contract award criteria determined appropriate by the Board or administration.

The bond requirement shall not apply, however, to any project bid or proposed which has a total cost of ten thousand dollars (\$10,000) or less unless the School Board or Administration includes a bond requirement in the specifications for the project. Such bond shall contain such provisions as are required by statutes, and be in a form prescribed and required by the district.

6. Retention of an Architect or Engineer. The School District shall not engage in the construction of any public works involving architecture or engineering unless the plans, specifications, and estimates have been prepared and the construction has been observed by an architect, a professional engineer, or a person under the direct supervision of an architect, professional engineer, or those under the direct supervision of an architect or professional engineer; provided that such requirement shall not apply to any public work in which the contemplated expenditure for the complete project does not exceed one hundred forty-four thousand dollars (\$144,000), as adjusted from time to time by Section 81-3445 or other applicable law.
7. Additional Procedures. Each bid for which a labor and material bond is required shall be accompanied by a bid bond or certified check in the amount of five percent (5%) of such bid unless the School Board or Administration waives such requirement. Business OperationsRecords Management and Disposition

1. General Standard. Records should generally be organized, managed, retained and disposed of in accordance with law and the Secretary of State's schedules for retention and disposition of public records.
2. Records Officer. The Superintendent is hereby designated as the records officer of the school district for purposes of this policy. Any questions about the type or category of a record or the required retention period for it should be addressed to the records officer.
3. Electronic Records, Messages, and Data. District records may be created, stored, and maintained in paper or electronic format. Electronic records may include, but are not limited to, (a) email and other electronic communications; (b) digital documents and databases; (c) audio and video recordings; and (d) cloud-based and third-party hosted data. Electronic communications, documentation, and data are District records when they relate to District business and will be retained in accordance with the applicable record retention schedules. Due to system storage limitations, certain categories of electronic data (such as surveillance video or system logs) may be retained for shorter periods than other records, unless required to be preserved by law or otherwise determined by the Superintendent or designee. The District will implement reasonable measures to ensure that electronic records remain accessible, retrievable, and secure for the duration of their required retention period. Employees are responsible for retaining records within their control when they are aware, or reasonably should be aware, that such records may be subject to a records request, audit, investigation, or possible litigation.
4. Litigation Holds. When litigation against the District or its employees is filed or threatened, the District will take all reasonable action to preserve all documents and records that pertain to the issue.

As soon as the District is made aware of pending or threatened litigation, a litigation hold directive will be issued by the records officer or designee. The directive will be given to all persons suspected of having records that may pertain to the litigation issue. Employees who receive notice of a litigation hold are to preserve all records that pertain to the litigation issue. This includes preserving electronic messages that would otherwise be deleted by the computer system; such messages are to be converted by the recipients of the litigation hold to hard copy (printed) or electronic format which can be retrieved and interpreted (downloaded) for the duration of the litigation hold.

The litigation hold directive overrides any records retention schedule that may otherwise call for the disposition or destruction of the records until the litigation hold has been lifted.

No employee who has been notified of a litigation hold may alter or delete an electronic or other record that falls within the scope of the hold. Violation of the litigation hold may subject the employee to disciplinary actions, up to and including dismissal, as well as

personal liability for civil and/or criminal sanctions by the courts or law enforcement agencies.

5. Settlement Agreements. A public written or electronic record of all settled claims shall be maintained.

The record for all such claims settled in the amount of fifty thousand dollars or more (or one percent of the total annual budget of the School District, whichever is less) shall include a written executed settlement agreement. The settlement agreement shall contain a brief description of the claim, the party or parties released under the settlement, and the amount of the financial compensation, if any, paid by or to the School District or on its behalf. Any such settlement agreement shall be included as an agenda item on the next regularly scheduled public meeting of the School Board for informational purposes or for approval, if required.

Any such settled claim or settlement agreement shall be a public record. Nonetheless, specific portions of the record may be withheld from the public to the extent permitted or provided by statute.
